All Members of the Planning Committee

Quorum: 4

Dear Councillor

This is a supplement to the previously-published agenda for the meeting of **PLANNING COMMITTEE** on **WEDNESDAY, 2 NOVEMBER 2016**, containing those reports which had not been received by the original publication deadline.

Yours faithfully  
**JEAN HUNTER**  
Chief Executive

Requests for a large print agenda must be received at least 48 hours before the meeting. Members of the public wishing to speak at this meeting are requested to contact the Support Officer by no later than noon on Monday before the meeting. A public speaking protocol applies.

## EXCLUSION OF PRESS AND PUBLIC

The following statement must be proposed, seconded and voted upon. The officer presenting to report will provide the paragraph number(s).

“I propose that the Press and public be excluded from the meeting during the consideration of the following item number ..... in accordance with Section 100(A) (4) of the Local Government Act 1972 on the grounds that, if present, there would be disclosure to them of exempt information as defined in paragraph ..... of Part 1 of Schedule 12A (as amended) of the Act.”

### Notes

- (1) Some development control matters in this Agenda where the periods of consultation and representation may not have quite expired are reported to Committee to save time in the decision making process. Decisions on these applications will only be made at the end of the consultation periods after taking into account all material representations made within the full consultation period. The final decisions may be delegated to the Corporate Manager (Planning and Sustainable Communities).
- (2) The Council considers every planning application on its merits and in the context of national, regional and local planning policy. As part of the Council's customer service standards, Councillors and officers aim to put customers first, deliver outstanding service and provide easy access to services and information. At all times, we will treat customers with respect and will be polite, patient and honest. The Council is also

committed to treat everyone fairly and justly, and to promote equality. This applies to all residents and customers, planning applicants and those people against whom the Council is taking, or proposing to take, planning enforcement action. More details can be found on the Council's website under 'Council and Democracy'.

<b>CAMBRIDGESHIRE COUNTY COUNCIL</b>	
<b>Ref</b>	CCC1
<b>Type</b>	Early years
<b>Policy</b>	DP/4
<b>Required</b>	YES
<b>Detail</b>	<p>According to County Council guidance the development is expected to generate a net increase of 65 early years aged children (based on County Council general multipliers), of which S106 contributions would ordinarily be sought for 33 children.</p> <p>Under normal circumstances Cambridgeshire County Council would require the payment of an offsite early years contribution such that they would then have the duty of securing early years accommodation within the village.</p> <p>However, on the basis that early year's provision is already limited with no obvious options to explore the applicant has proposed delivering an area of free serviced land sufficient to accommodate a pre-school building of 600 m2 and ancillary functions (inc parking and outside play space).</p> <p>The submitted DAS states a site area of 0.12ha has been set aside for a pre-school facility, which meets these requirements.</p> <p>On the basis that a pre-school facility provides accommodation for 26 places per session the full cost of this facility is required to be satisfied by the development.</p> <p>CCC does not at this current time intend building and operating this facility and instead are reliant on an early year's provider acquiring the site and fulfilling this function.</p> <p>The developer will be required to undertake a marketing exercise to give this proposal the best possible chance of success.</p> <p>If there is no take up of this opportunity then a default position of a financial contribution of £483,478 is payable</p> <p>Such a proposal will not prevent CCC from requesting the payment of the early year's contribution if an alternative option is preferred.</p> <p>The S106 will need to include provision to take into account increases in indexation from the date of committee approval to when the relevant payment is triggered.</p>
<b>Quantum</b>	£483,478 (if payable)
<b>Fixed / Tariff</b>	Fixed (if payable)
<b>Trigger</b>	The marketing strategy for the on-site early year's facility is to begin on the commencement of the development and run until the occupation of the 75th dwelling. CCC can at any stage give notice that they require the payment of the early year's contribution (rather than pursue onsite provision). At the occupation of the 75 <sup>th</sup> dwelling the Owner is entitled to pay the contribution to discharge this obligation.

<b>Policy</b>	DP/4
<b>Required</b>	YES
<b>Detail</b>	<p>According to County Council guidance the development is expected to generate a net increase of 76 primary education aged children (based on County Council general multipliers). This development lies within the catchment area of Pendragon Community Primary School.</p> <p>As part of the pre-application process the Developer commissioned an options report to assess the ability to expand Pendragon Primary School. Option 3 (in the MS report) is the preferred option and is costed at £3,321,781. This is based on 3<sup>rd</sup> Quarter 2015. For 3Q16 this equates to £3,484,736.</p> <p>Given the current use of the site, and the current space occupied by the Children's Centre and Pre School that would need to remain, this option would provide the physical space needed for 1/2 FE (4 classroom, therefore 120 places). Contributions are therefore required on the basis of £29,040 per place (£3,484,736 / 120 places).</p> <p>Therefore a contribution is sought for primary education (it is suggested that given that the number of children is unknown at this stage, as a development mix has not been included, that a matrix is included in the S106 to calculate the level of contributions at the reserved matters stage).</p> <p>Market/shared ownership:</p> <ul style="list-style-type: none"> <li>- 1-bed: £0</li> <li>- 2-bed: £1,452</li> <li>- 3-bed: £5,808</li> <li>- 4+-bed: £11,616</li> </ul> <p>Affordable rent/social rent:</p> <ul style="list-style-type: none"> <li>- 1-bed: £0</li> <li>- 2-bed: £4,356</li> <li>- 3-bed: £23,232</li> <li>- 4+-bed: £34,848</li> </ul> <p>The S106 will need to include provision to take into account increases in indexation from the date of committee approval to when the relevant payment is triggered.</p>

## Papworth Everard – The Ridgeway (S/2647/15/OL)

<b>Detail</b>	<p>The secondary education contribution for this development is £315,559.</p> <p>This is based on the cost of the 1FE expansion project for Swavesey Village (£3.9m - based on costs at 1Q15) minus external funding which has been secured (£1,250,000 was secured by the College from an Education Funding Agency funding bid and the County Council received a further £1,900,000 Targeted Basic Need Funding for the scheme from the Department for Education), minus S106 contributions already secure from developments in the area (£106,002 from the 30 dwelling development at Land to the rear of no. 18 Boxworth End, Swavesey – S/0875/15/OL).</p> <p>The funding shortfall is therefore £643,998.</p> <p>In addition to the 215 dwellings at Land off the Ridgeway, Papworth Everard (S/2647/15/OL) there is a number of other developments in the area for which planning applications have recently been submitted. These are as follows:</p> <ul style="list-style-type: none"> <li>• Land south of Fen Drayton Road, Swavesey (S/1027/16/OL) – 99 dwellings</li> <li>• Land to the rear of 130, Middlewatch, Swavesey (S/1605/16/OL) – 70 dwellings</li> <li>• Land to the west of Mill Road, Over (S/2870/15/OL) – 55 dwellings</li> </ul> <p>Together with Land off the Ridgeway, Papworth Everard these developments total 439 new dwellings in the area. In order to be fair and reasonable the remaining funding shortfall (of £643,998) has been split proportionally between these developments, based on the number of proposed dwellings. <b>Detail</b>	<p>The open space in new developments SPD sets a threshold above which open space will be sought onsite. The threshold for formal sports is 200 dwellings. In this case officers consider it would be more appropriate to secure an offsite contribution to improve existing facilities rather than insist on onsite provision.</p> <p>The SPD also establishes the quantum of offsite financial contributions in the event that the full level of onsite open space is not being provided:</p> <p>1 bed: £625.73                  2 bed: £817.17,                  3 bed: £1,130.04                  4+ bed: £1,550.31</p> <p>The recreation study 2013 highlighted that the tennis, cricket and football clubs are well developed and improvements such as drainage have been made to the grounds and ancillary facilities over the years. In 2010 the play area was enhanced with funding from the play builder lottery project. The Varrier Jones Foundation owns much of the open space within the village the Parish Council is unable to buy and develop more open space.</p> <p>The Parish Council considers that in order to accommodate the needs of more residents that the village needs a 'new pavilion' building on the playing fields (football and cricket), which combines changing rooms, clubroom and catering facilities, etc. It has been estimated that to bring the cricket pitch back to its former high quality (including new drainage) and to provide the new pavilion would be around £350,000.</p> <p>The S106 will need to include provision to take into account increases in indexation from the date of committee approval to when the relevant payment is triggered.</p>

<b>Detail</b>	<p>The community facilities audit of 2009 reported that Papworth was served by Papworth Village Hall which is a very old building built in the 1920s. The condition of the building at that time was said to be "extremely poor and in some parts very unsafe or just a 'no go' area. There are significant issues with asbestos in the ceiling, damp throughout and significant structural problems, including holes in the wall. The outer doors are a problem and there are also tiles missing in the roof, causing leaks. A problem facility".</p> <p>Against the community space standard (of 111sqm per 1000 people as approved by the Portfolio Holder in November 2009) Papworth had a deficit of 100 square metres.</p> <p>Since the publication of the audit Papworth Everard Parish Council has secured the hall on a 99 year lease and has embarked on a major renovation project, using s106 funds in respect of the Summersfield housing development for the provision of community facilities in the village.</p> <p>Although the refurbished village hall has been reopened for around a year it is already heavily booked on weekday evenings.</p> <p>One facility that the Parish Council could not provide within the hall, due partly to limitations on expansion because the hall is within Papworth Everard Conservation area, was a self-contained youth wing, similar to what had been seen during visits to community halls in other similar villages. Currently, Girl Guides and Brownies meet in the village hall, but it is not ideal for them as storage is limited and cannot personalise their space. There are already many boy scouts in the village, but they meet as part of the Cambourne scout packs; however, it is likely that they will expand and there will be a need for the Papworth scouts to meet in their own village. Further expansion of the village will increase pressure on the village hall and there is no available time on weekday evenings to house additional clubs.</p> <p>The total cost of providing this facility is estimated to be in the region of £600k and the development would be required to contribute towards a proportion of the costs based on the formula set out below.</p> <p>The contribution required as per the indoor community space policy would be:</p> <p>1 bed - £284.08                  2 bed - £371.00                  3 bed - £513.04                  4+ bed - £703.84</p> <p>The S106 will need to include provision to take into account increases in indexation from the date of committee approval to when the relevant payment is triggered.</p>

<b>Detail</b>	<p>Paragraph 2.19 of the Open Space in New Developments SPD advises that 'for new developments, it is the developer's responsibility to ensure that the open space and facilities are available to the community in perpetuity and that satisfactory long-term levels of management and maintenance are guaranteed'. The Council therefore requires that the on-site provision for the informal open space and the future maintenance of these areas is secured through a S106 Agreement. Para 2.21 advises that 'if a developer, in consultation with the District Council and Parish Council, decides to transfer the site to a management company, the District Council will require appropriate conditions to ensure public access and appropriate arrangements in the event that the management company becomes insolvent (a developer guarantee)'.</p> <p>It is the Local Planning Authority's preference that the public open space is offered to Over Parish Council for adoption, recognising that the Parish Council has the right to refuse any such offer.</p> <p>If the Parish Council is not minded to adopt onsite public open space the owner will be required to provide a developer guarantee of sufficient value to be a worthwhile guarantee. Furthermore with the details of the guarantee and guarantor would need to be submitted to and approved in writing by the Council prior to commencement of development.</p>
