5. Asset of Community Value: Proposal to sell land in Haslingfield

The Council has received notification of intention to sell a parcel of land that is part of a listed Asset of Community Value.

The parcel of land is part of The Little Rose, Public House, Haslingfield. It entered a moratorium period on 24 Feb 2015, which ends on 7 April 2015.

This six week period allows eligible local groups to submit an intention to bid for the land concerned (using a form available from the Council). For clarity, the sale concerns only part of the site and not the public house itself, which remains on the list of Assets. Details of the site can be found on the website here: <https://www.scams.gov.uk/community-right-bid>

In accordance with the [Access to Information Procedure Rules in Part 4 of the Council's Constitution](#), any executive decision shall be published normally within five days of being made. That record will bear the date on which it is published and will specify that the decision will come into force, and may then be implemented, on the expiry of 5 working days after the publication of the decision, unless called in for review by the Chairman of the Scrutiny and Overview Committee or by any five other councillors.

10. Section 106 Obligations following Ministerial Statement of 28 November 2014

The Planning Portfolio Holder

AGREED

To take the following action regarding the issuing of planning permissions for sites of fewer than 11 homes with a combined gross floor space of 1,000 square metres, as follows:

- a) To issue permissions without a s106 agreement, in accordance with government policy.
- This option would enable planning permissions to be issued in a timely manner. It would have the effect of bringing forward the position for community infrastructure payments from 1 April 2015 to the date of this decision.
- b) To use a Condition requiring an Affordable Housing Scheme be used for all planning permissions where such a contribution would have been required through a s106 agreement.

Further, that the Council write to DCLG outlining the impact of the 'Rule of 5', and seeking an extension to October 2015 (extra six months). Government had originally set a date of April 2014, and then extended this by twelve months.

N.B. There are a number of permissions where the Planning Committee resolved to grant permission subject to the satisfactory resolution of a s106 agreement. The Planning Committee shall be asked to ratify what the Portfolio holder had agreed as an expediency.

Please note that the Chairman of Council and the Chairman of Scrutiny and Overview Committee have agreed that the call-in process be waived in this matter as there is an urgent need to confirm the way forward for approximately 140 planning consents that are awaiting s106 agreements.
