**INFORMATION FOR DISTRICT COUNCILLORS AND PARISH COUNCILS**

**2. A14 Cambridge to Huntingdon - Planned Closures**

This week we have multiple closures on the A1 between Alconbury and Buckden.

As part of works we'll be closing the southbound A1 to install safety barriers, average speed cameras and signs for the temporary 40mph speed limit to make sure our workers are safe while they build these vital improvements so close to this busy stretch of the A1. Once installed, the narrow lanes and temporary speed limit will stay in place until construction along this stretch has been completed but full capacity will be maintained during the day.

Work to install narrow lanes, average speed cameras and a temporary 40mph speed limit on the northbound A1 will take place soon and road users and local residents will be kept informed in advance of work happening so they can plan ahead.

PLEASE NOTE - closures may be subject to change, so check out our social media pages daily for updates.

This week's A14 Cambridge to Huntingdon closures:
