It was agreed that a column would be added to the Community Chest application table, to show whether or not an applicant was a member of CCVS (Cambridge Council for Voluntary Service).

It was commented that there was no longer a reference to the impact on youth within the criteria as there had been previously. However, it was noted that there is a reference to implications in the report template so there was no need for this to be added again.

The changes to the criteria were confirmed by affirmation.
