Updates to significant cases

5. Updates are as follows:

(a) **Stapleford:**

Breach of Enforcement Notice on Land adjacent to Hill Trees, Babraham Road. Following continuing breaches of planning at this location an Injunction was approved by the High Court 17th November 2015, The compliance period to remove unauthorised vehicles and to cease unauthorised development represented by the commercial storage, car sales and non-consented operational works that have occurred there was by January 26th 2016. An inspection of the land on the 26th January 2016 revealed that the unauthorised motor vehicles, trailers, caravans etc. had along with the unauthorised track been removed from the land as required by the Injunction. The displaced vehicles have now been moved onto land at Little Abington owned by the occupier of Hill Trees and onto land adjacent to Hill Trees that belongs to Gonville and Caius College, Cambridge. Both parcels of land are the subject of extant enforcement notices. Currently advice has been sought through Counsel on the most effect route in dealing with this displacement and on balance it is felt that a High Court injunction, particularly given the recent

successful outcome at Hill Trees and related planning history, including various unsuccessful challenges, is made to remedy the identified breaches. Case file currently in preparation.

File prepared and instruction given to apply for a High Court Injunction. Preparation work including further detailed inspections of the lands in question, personal service etc. is currently being carried out along with a witness statement to facilitate the High Court Injunction application.

The family of the deceased owner of Hill Trees have informed the council that the various claims against the estate by the current occupier have been struck out including the Inheritance Claim. Although further appeals have been made it is their solicitor's view that the person responsible for the breach of control on the Land adjacent to Hill Trees has reached the end of the road and that they are shortly going to issue a notice for the unlawful occupation of Hill Trees to cease?

A further inspection of the land adjacent to Hill Trees carried out on the 13th July confirmed that the displaced vehicles are still occupying the site along with several additional vehicles. The meeting with Counsel which was originally booked for the 17th July has now taken place on the 26th July 2017. Following advice from Counsel additional preparation work required prior to the application for a High Court Injunction. Witness statements currently with Counsel, waiting further advice.

In addition to the above it was previously reported that the person involved in the above action appealed the planning decision (LDC) reference S/3569/16/LD in connection to a parcel of land known as unit C which is situated at Hill Trees and is currently covered by the existing High Court Injunction. Although the appeal was to be heard on the 5th December 2017 the appeal has now been withdrawn by the applicant. A claim for costs is currently in the process of being made.

(b) Cottenham - Smithy Fen:

Work continues on Setchel Drove, following the placement of a number of static caravans on four plots in breach of the current planning consent and High Court Injunction applicable to each plot. Formal letters have been issued to those reported owners and occupants on Setchel Drove, covering the breaches of planning control and breach of the High Court Injunction - Copies of the Injunction and Housing leaflets, covering those that may be threatened with homelessness or eviction has been issued – Given the complexity and number of departments within the organisation that may be involved in any future action the Councils Tasking & Coordination group are facilitating a joint approach with Planning, Environmental Health, Housing, Benefits & Council Tax, and Legal.

Following a full survey of the site , Including Needs assessments preparation was made for the issue of twenty two (22) Breach of Condition Notices covering five plots in Water Lane, one plot in Orchard Drive, four plots in Pine Lane, three plots in Park Lane, and nine plots in Setchel Drove, who have been found to breach their planning permission.

A compliance inspection carried out after the 31 July 2017 confirmed that 54%

of the plots previously identified as being in breach of their planning permission in relation to planning conditions are now complying with them. Work is currently underway to identify the persons continuing to breach planning and to instigate prosecution proceedings against them.
