

Private Hire Vehicle Plate Exemption**1. Objectives**

- 1.1 The aim of the policy is to ensure public safety whilst taking a balanced approach to licensing requirements. Its objective is the provision of an exemption to allow “executive vehicles” to operate without displaying external identification plates (private hire vehicle licence plate).

2. Introduction

- 2.1 The displaying of the external identification plate on a licensed vehicle and a drivers badge is important in terms of public safety and reassurance. They indicate to the travelling public that prior to being licensed both the vehicle and the driver have been subjected to checks to assist with public safety issues.
- 2.2 However there are occasions when the requirement to display an external identification plate may have the opposite effect in the terms of customer safety and could have commercial implications for the operating business. The display of local authority licence plates may also deter some corporate customers from using the service; and in some cases the identification of the vehicle as licensed may allow “high risk” passengers to more readily be targeted putting both them and the driver at risk.
- 2.3 The Local Government (Miscellaneous Provisions) Act 1976 requires that private hire vehicles display an identification plate (licence plate) and drivers of those vehicles wear a driver’s badge. The same legislation also allows South Cambridgeshire District Council to exempt vehicles from the need to display an identification plate and, where that exemption applies, the requirement to wear a Private Hire driver’s badge.
- 2.4 It is not intended that a significant number of Private Hire vehicles licensed by South Cambridgeshire District Council should be exempt from the council’s requirement to display an external vehicle identification plate, however the council recognises that there may be circumstances when it would be appropriate for vehicles operating the type of service to be considered suitable for such an exemption.
- 2.5 In creating it’s policy South Cambridgeshire District Council does not seek to provide a definitive list of vehicles it considers to be suitable (subject to use) for exemption from the requirement to display external vehicle identification plates.
- 2.6 This section provides guidance to potential applicants on the standards of vehicle, comfort and equipment that the council considers should be the minimum standard of comfort and vehicle type before the Authority would consider such an application.

3. Policy

- 3.1 Exemptions from displaying external identification plates (vehicle licence plates) may be in respect of individual vehicles only. Applications for exemptions relating to a fleet of vehicles will not be allowed.
- 3.2 Each application will be assessed by an authorised council officer to ensure that it is fit for purpose.
- 3.3 Applications for the exemption from the requirement to display an external identification plate on the rear of a private hire vehicle may be considered where the following requirements are met:
- a) Vehicle models must be either four door saloons, or five door estates or five door hatchbacks, or luxury style people carrier type vehicles;
 - b) Vehicles must be of a standard of comfort and equipped to a level equal to or above luxury brands of vehicles such as “S” and “E” Class Mercedes- Benz, 7 Series BMW, Lexus “GS” or “LS” models, Audi A8 Series, Jaguar, Rolls Royce and Bentley saloons. (The highest specification executive type cars from other manufacturers may also be considered);
 - c) The vehicle will be in pristine condition with no visible defects, dents or blemishes to the external bodywork or internal trim and seating;
 - d) The type of work is “executive” in nature. This means that the vehicle is used ~~specifically and exclusively~~ primarily to provide transport under a written contract to a company or person, or by the type of clients who for security or personal safety reasons would not want the vehicle to be identifiable.
- 3.4 Applications may only be made if supported in writing by a recognised South Cambridgeshire District Council Chauffeur company, or if a sole operator with a bona fide outline business plan showing written interest from prospective companies who may wish to use a chauffeur service. Along with clear evidence of how they will comply with this policy and conditions of licensing.
- 3.5 Where an operator wishes to make an application for a vehicle to be exempt from displaying an external identification plate they will be required to do so in writing. The application must be accompanied by supporting documentation.

- 3.6 The council may require applicants to provide additional documentation as reasonably necessary to allow the council to make an informed decision. Where such documentation is not provided to the satisfaction of the council the application for exemption will be refused.
- 3.7 Where an application is granted, an exemption certificate and internal plate will be issued as soon as practical after the decision is made.
- 3.8 Where a vehicle is exempted from the requirement to display an external identification plate the licensed driver of the vehicle will also be exempted from wearing a driver's badge.
- 3.9 The authority to determine any application for an exemption notice is by delegation to the Licensing Officer.
- 3.10 Applicants have the right to appeal a decision where a grant of a notice is refused or revoked; appeals must be in writing and will be reviewed by the licensing sub-committee appeals panel.
- 3.11 All vehicles granted an exemption notice must in addition to this policy also comply in accordance with the requirements of the council's standard private hire conditions.
- 3.12 Where there is any inconsistency between the standard private hire conditions and these conditions, then these conditions shall prevail.
