3	Paragraph 1.1	<p>Amend paragraph 1.1 to read:</p> <p>‘1.1 This is the Proposed Submission Local Plan for South Cambridgeshire (hereafter referred to as the draft Local Plan). It updates and replaces the South Cambridgeshire Local Development Framework which was adopted between January 2007 and January 2010 and covered the period up to 2016. The draft Local Plan’s policies and proposals cover the period 2011 to 2031. The draft Local Plan is founded on an extensive evidence base of studies and two rounds of public consultation on issues and options which were held between mid-July and end-September 2012 and mid-January to end-February 2013. <u>Consultation on the Proposed Submission Local Plan was undertaken in summer 2013, before the plan was Submitted for Examination in March 2014. Further consultation was carried out on proposed modifications in 2015 and 2018.</u> It <u>The Local Plan</u> has been prepared in close cooperation with Cambridge City Council and Cambridgeshire County Council and its policies and proposals have been subject to sustainability appraisal through all stages of preparation. The Council has also worked with the local authorities in Cambridgeshire, Suffolk and Norfolk to produce a Strategic Housing Market Assessment (SHMA) to determine the amount of housing and jobs growth that will need to be accommodated by 2031 and agreed a memorandum of cooperation about how that need will be met.’</p>
3	Paragraph 1.2	<p>Amend paragraph 1.2 to read:</p> <p>‘1.2 The draft Local Plan affects all of us that live, work or study in South Cambridgeshire, or who</p>

		come here to enjoy all that the area has to offer.'
4	Paragraph 1.8	<p>Amend paragraph 1.8 to include an explanation that the NPPF is the 2012 version not the 2018 version, as follows:</p> <p>'The updated Local Plan responds to the new National Planning Policy Framework (NPPF, <u>2012</u>¹), the Localism Act 2011 and to proposed changes to the ways in which developers will contribute to funding supporting services and infrastructure through Section 106 contributions and the Community Infrastructure Levy (CIL).'</p> <p><u>¹ The updated National Planning Policy Framework (NPPF) (published in July 2018) states that the policies in the previous framework (i.e. NPPF 2012) apply where the Local Plan was submitted to the Secretary of State for examination before 24 January 2019 (NPPF 2018, paragraph 214). The South Cambridgeshire Local Plan was submitted in March 2014 and references to the NPPF in this Local Plan refer to the NPPF 2012 and not the NPPF 2018.</u></p> <p>Note: consequential change - all references to 'NPPF' will be amended to read 'NPPF (2012)'</p>
4	Paragraph 1.10	<p>Add to the end of paragraph 1.10:</p> <p><u>'A Sustainability Appraisal Addendum was produced in 2015, to take account of new evidence prepared in response to the Inspectors' Letter during the Local Plan Examination. Following the Examination Hearings proposed modifications were also subject to sustainability appraisal.'</u></p>
6	Paragraphs 1.13 -1.15	Delete the heading 'What Happens Next' and paragraphs 1.13 to 1.15.
7	Paragraph 1.17	<p>Amend Paragraph 1.17 sixth bullet to read:</p> <p><u>'Cambridgeshire Minerals and Waste Local Development Framework 2011 – Core Strategy and Proposals Map C 2011, Site Specific Proposals Plan and Proposals Map A and B 2012.'</u></p>
7	Paragraph 1.19	<p>Amend paragraph 1.19 to read:</p> <p><u>'1.19 The Local Plan proposes the preparation of new Supplementary Planning Documents and an Area</u></p>

It is expected that approximately 6,000 homes will come forward by 2031. Phase 2, 3,500 homes, was granted outline planning permission in 2017.'
15	Paragraph 2.13	Update references to 'English Heritage' to read ' Historic England' and 'Highways Agency' to read 'Highways England'
18	Paragraph 2.17, 4 th bullet point, 1 st paragraph	<p>Paragraph 2.17, 4th bullet, 1st paragraph: add additional sentence to the end of the paragraph:</p> <p>'The Councils undertook a joint Sustainability Appraisal of the overall strategy as part of the plan making process. A range of options around the impact of different levels of growth in the Green Belt on the edge of Cambridge, the approach to new settlements, major expansion of Cambourne and the best available sites at villages were identified and tested through Sustainability Appraisal, to consider the relative impact of different development packages. This included looking at different levels of growth at some of the site options to minimise adverse impacts and secure the most sustainable form of development. It identified the importance of balancing the accessibility aspects of sustainable development and the environmental and social aspects. <u>This appraisal was updated in 2015, to take account of new evidence prepared in response to Inspectors during the Local Plan Examination.'</u></p>
19	Paragraph 2.19	<p>Amend paragraph 2.19 to read:</p> <p>'2.19 The emerging Transport Strategy for Cambridge and South Cambridgeshire <u>2014</u> focuses on the capacity for sustainable modes of transport and what further measures need to be provided in the sub region between key economic hubs in and around the city, where people live, and where they</p>

		access services. The development strategy locates development in areas where there is already good public transport or where it can be provided and concentrates development in rural South Cambridgeshire in major new developments as far as possible to support the greatest public transport improvements, so that further improvements can be made to the sustainable transport in and around the city by making movement straightforward and convenient. The Transport Strategy for Cambridge and South Cambridgeshire 2013 2014 was prepared in parallel with the two new local plans and includes the mitigation and infrastructure requirements necessary to promote sustainable travel as part of the development strategy of the two plans.'
20	Tables after paragraphs 2.21 & 2.22	<i>Note: Tables included in Main Mods but not the 'titles to the tables, now added.</i>
20	Paragraph 2.23	Amend paragraph 2.23 to read: '2.23 The development strategy identified in the Local Plans includes development at all stages in the sequence across both areas, taking account of the opportunities and constraints identified. It compares favourably with the Structure Plan with Cambridge remaining the focus of the development strategy comprising 55-54 % of the housing requirement of both Councils 2011 to 2031. This is comparable with and slightly higher than the 52% in the Structure Plan strategy. The strategy has 35% of all new development planned on the edge of Cambridge, higher than the 25% in the Structure Plan, notwithstanding that Cambridge East is not now expected to come forward in the plan period at least. The main change is the swap in South Cambridgeshire between the proportion of development at new settlements and that at villages which sees a much higher proportion at new settlements than the previous strategy: 34-23 % compared with 18%. This leaves the lowest percentage at the least sustainable stage in the sequence with only 14-23 % of planned development identified at villages.'
25	Paragraph 2.36	Update reference to 'Science Park Railway Station' to read 'Cambridge North Railway Station'
27	Policy S/6	Amend Policy S/6 part 2 to read:

		parcel from the original Development Framework Plan.'
47	Paragraph 3.6	Amend Paragraph 3.6 to read: '3.6 A hybrid planning permission for the south west corner including Parcels Q, Com 2a, Com 2b, E3, E4 and HRCC was granted in February 2013, incorporating outline planning permission for 112 dwellings and full planning permission for 28 dwellings, retail units and open space. For Parcels L2 and Com 4 adjacent to the A14, pre-application discussions with the landowners are on-going. All the remaining land parcels have planning permission or are under construction.'
57	Paragraph 3.29	Amend Paragraph 3.29 to read: '3.29 The new proposed railway station, on the sidings in South Cambridgeshire, will be served by the Cambridgeshire Guided Busway and will include cycle parking facilities and car parking. The station will significantly improve the accessibility of the site and surrounding area including access to and from the Cambridge Business Park, St John's Innovation Park and Cambridge Science Park and St John's Innovation Centre making the area a highly attractive business destination.'
61	Figure 7	Amended shading of land north of Cherry Hinton within Cambridge to reflect final plan.
69	Policy SS/6 New Village at Bourn Airfield	Change the order of policies in the Local Plan so the policy for Northstowe (SS/7), is before Waterbeach New Town (Policy SS/5), and Bourn Airfield (SS/6) comes after so that policies for the A428 corridor are grouped together.
75	Policy SS/8 Cambourne West	Note: referred to in Inspectors' Report as SC111, but not included in appendix schedule. Add to end of part 2 of Policy SS/8: 'This setting will provide part of the publicly accessible green infrastructure of the settlement, and be well connected to Cambourne's existing green network and the wider countryside, <u>including through an enhanced network of footpaths and bridleways.</u>
77	Policy SS/8 Cambourne West	Note: referred to in Inspectors' Report as SC112, but not included in appendix schedule. Amend part 14 of Policy SS/8 to read:

		<p>and South Cambridgeshire <u>in parallel with the Local Plan</u>. Cambridge and South Cambridgeshire are popular places to live and work, and have experienced high levels of jobs, housing and population growth. This is helping to drive a strong local economy but also means that there is pressure on local transport infrastructure. Growth is set to continue into the future to meet local needs. The Transport Strategy will ensure that current and future transport needs are met, that people can access work and services, and that the character of the area can be preserved, helping to ensure that people in the area continue to enjoy a high quality of life. <u>The Local Plan will assist with the delivery of requirements and aspirations within current and emerging transport plans and strategies.</u></p>
217	Paragraph 10.3	<p>Amend paragraph 10.3 to read:</p> <p>'10.3 South Cambridgeshire is located at the crossroads of the M11 / A14 roads and has direct rail access to London and Stansted Airport. The A14 is a major east / west route linking the east coast ports with the Midlands and the north, and carries considerable international freight traffic. The A14 is also a key route for local and regional commuter, business and freight traffic and, like some other major routes, has high traffic flows and congestion, particularly around Cambridge, and high levels of accidents. In July 2012 the Government announced a package of proposals for major investment along the A14 corridor in Cambridgeshire to address congestion and long term capacity issues, and the schemes have entered the Department for Transport roads programme, to begin detailed design and statutory processes. <u>The Secretary of State approved (in May 2016) the A14 Cambridge to Huntingdon Improvement Scheme Development Consent Order application and building work began in November 2016. It is anticipated the new road will be opened in late 2020.</u></p>
217	After Paragraph 10.4	<p>Add a new paragraph 10.4a:</p> <p><u>'10.4a A few rural parts of the district are well served by rail, for example the A10 corridor both north and south of Cambridge, while others rely</u></p>

		<u>on the market towns and Cambridge for access to the railway network. Improved access to stations and interchanges, for example improved cycle access via cycle path networks or quiet routes, can help encourage more people to cycle and more people to travel by train rather than car. In Cambridge, the new Cambridge North Station and Interchange will contribute to the growth of rail use and will be essential to provide interchange facilities.'</u>
217	Paragraph 10.5	Amend paragraph 10.5 to read: '10.5 There are a number of major road corridors between the market towns and Cambridge, and villages located along these routes tend to be well served by public transport and cycling infrastructure. Away from these corridors, rural parts of the district are more isolated. In these areas Community Transport is particularly important, and the Council has adopted a Community Transport Strategy to help coordinate and develop services. A recent significant improvement to public transport is the Guided Busway between Cambridge and St. Ives. It provides services to a number of villages as well as the planned new town at Northstowe. This will also links to the planned new Cambridge North railway station at Chesterton on the edge of Cambridge.'
219	Key Facts	Add a new bullet after the fifth bullet: <u>'A few rural parts of the district, for example the A10 corridor both north and south of Cambridge, are well served by rail, while others rely on the market towns and Cambridge for access to the railway network.'</u>
