Subject: Representation in respect to the Club Premises for Milton 8 Ball

Dear

I am now in a position to advise you of the representation that was made in respect to your Club Premises Application.

Any representations are considered against the four licensing objectives :-

1. The prevention of crime and disorder,
2. Public safety,
3. Prevention of public nuisance, and
4. Protection of children from harm

Please see below the details of the representation:

Representee: Neighbouring Business.

"The building is in use all sorts of hours, seven days a week and the noise level from Milton 8 ball has already raised a level of concern that we are about to bring to the attention of the council.

The narrow industrial estate is in constant use and is not a 9-5, 5 days a week estate and having a club here is disruptive for working, a huge impact on safety, and creates intrusive parking and social issues. Furthermore, the premises are windowless, unheated, uninsulated, and have only one toilet facility so are not suitable for multiple users. Currently the pool hall is rising up the garage shutter when occupied and blasting out loud music with no consideration to other people that may be around which will only be exacerbated with an alcohol license.

The impact on workers in my building will be huge and I will likely go out of business because I can't work when the Milton 8 is running and blasting out loud music - nor can others in the building."

You may wish to respond or consider amending or withdrawing the application.

Kind regards,

ES Directorate Business & Licensing Manager
