Dear

Thanks for calling just now.

I am authorised to agree the following condition:

The licence holder will ensure that staff regularly clear litter from the premises forecourt and immediate perimeter of the forecourt.

I look forward to hearing from you.

Kind regards

---

Dear

Thank you for your email addressed to Andrew below.

It is always difficult to word a condition for litter. Our client will keep the store and forecourt clear of litter and we sometimes have a condition to this effect. But I suspect the residents are referring to general litter in the area which is not necessarily our client's responsibility.

Perhaps we can discuss? I am on

Many thanks

Dear

Please see attached the representation as discussed.

I have passed this onto Environmental Health for consideration.
