

Report to:	Cabinet	12 December 2022
Lead Cabinet Member:	Councillor John Williams, Lead Cabinet Member for Resources	
Lead Officer:	Peter Maddock, Head of Finance	

General Fund Revenue Bids & Savings

Executive Summary

1. To consider the new Revenue bids and savings for 2023/2024.

Key Decision

2. No

Recommendations

3. It is recommended that Cabinet consider the report and:
4. **Note the growth bids put forward (both one off and ongoing), detailed at Appendix A and B and consider whether those for 2023/2024 should be included in the Budget to be proposed in February 2023.**
5. **Note the proposed range of service efficiency savings/additional income detailed in Appendix C and D and consider whether those for 2023/2024 should be included in the Budget to be proposed in February 2023.**

Reasons for Recommendations

6. To enable the Cabinet to consider the new revenue bids and savings for 2023/2024.

Details

New Scheme Bids

6. It is appropriate for Cabinet to consider, all new bids and savings for the General Fund before making recommendations to Council. If Cabinet is satisfied and supports the bids put forward these can be included in the draft budget.
7. Spending pressures are, inevitable as the Council responds effectively to the needs of the service and customer expectations and, in this regard, Service Areas have

been tasked to identify the existing budget pressures that need to be managed, and to prepare growth bids where existing resources and budgets need to be strengthened. The proposed schedule of these bids is attached at Appendix A and B and these will be subject to further refinement as part of the 2023/2024 budget setting process. Service Areas are also continuing to identify efficiency/savings opportunities across the Council's services that are realistic, achievable, and sustainable (including possible 'invest to save' initiatives and income generation opportunities). These are attached at Appendix C and D.

8. The Medium Term Financial Strategy (MTFS) is elsewhere on this agenda and a budget gap of around £6.3m is likely over the forecast period to 2027/28. This figure does include the savings expected from the service transformation programme.

Options

9. The option exists of not approving new revenue funding bids and savings.

Implications

10. In the writing of this report, taking into account financial, legal, staffing, risk, equality and diversity, climate change, and any other key issues, the following implications have been considered: -

Financial

11. The lists represent additions to or reductions from the current 2022/23 budget. These have been reviewed by Leadership Team, budget holders and finance and are felt appropriate and affordable in terms of the overall financial strategy as it currently stands.

Risks / Opportunities

12. The main risk is that the financial settlement will be worse than expected and will increase the budget gap emerges in 2023/2024. This risk is present during every budget cycle and having a robust MTFS adopted in advance of the budget process helps mitigate against this risk materialising.

Consultation responses

13. Leadership Team, Budget Holders and Lead Cabinet Members.
