

Mutual Exchange and s106 restrictions consultation – Response from RSL’s

RSL	Comments in favour	Comments opposed	Comments to amend proposals
Cambridge Housing Society	CHS initiated the proposals to resolve this issue and are therefore in support of these		
Suffolk Housing Society	<p>They have received concerns from some residents and the suggestion to advertise within the permitted area before accepting a candidate with no local connection seems a common sense approach.</p> <p>If PC are happy with the proposals it would be a good policy to follow, if they are against it then it probably won't work.</p>
