South Cambridgeshire District Council

Equality and Diversity – Journey to "Achieving" on the Equality Framework for Local Government

1. Knowing Your Community and equality mapping

Most authorities are struggling with this – especially in "two tier" authorities. They need to:

- have processes in place for sharing data internally there is a lot of data collected but very much in "departmental silos" again a very common occurrence.
- have data sharing protocols with their LSP partners and community groups including 3rd sector
- coordinate who knows what about the communities and use that intelligence and data to prioritise and make a difference

2. Place Shaping - Corporate Commitment and Leadership

- be aware of the important role they have in place shaping South Cambs their sustainable community strategy needs to be the umbrella under which this takes place and work with their partners to achieve the aims of the LSP & LAA
- the CEO's and Directors' commitment needs to be re-affirmed and strengthened the staff need to see tangible evidence of this commitment.
- continue to develop Member understanding of how E&D fits into service delivery and the role Members have in promoting that agenda - the portfolio holder with responsibility for E&D is very enthusiastic and focussed and their scrutiny function is strong
- develop a more tangible and visible 'golden thread' linking all the policies so that delivery of the priorities is seamless - there is a perception that there are a lot of policies but not really joined up.
- having Paul in the "corporate core" is a strength.

3. Community Engagement and Satisfaction

- this links with knowing your communities: the more you know about them the easier it is to engage develop the current community engagement work
- Develop ways of getting feedback from the communities engage with stakeholders; there are over 100 parishes within the district use them; use Members and staff

4. Service Delivery

- this links with knowing your customers the more you know about them the easier it is to engage with them and deliver services of excellence ---this will be enhanced as they develop their Customer Excellence programme
 - carry out service user surveys
 - be aware of emerging customers and their needs

5. Diverse work force

There are a lot of strength in this area - Stonewall; liP; Equal Pay Audit; Commitment to JE

- look at ways to make the staff more representative of the community and staff profile very good E&D practices during recruitment but maybe not going out to attract under representative groups.
- Managers' competencies being developed positive move needs evaluation
- update the workforce plan with E&D targets look at succession management

- celebrate success
- positive liP report feedback to management team happening soon action plan to fit in with E&D action plan.

I was impressed by a willingness of those I saw to take this agenda forward and Paul is very committed. There may be a capacity issue but that will need to be evaluated over time.
