A. Update to the report

Agenda report paragraph number 22 - Representations by members of the public

In response to the consultations on the amended drawings further letters have been received from the occupiers of Nos.1b and 3 Meadow Way stating that the amendments do not address previous concerns and that the previous objections still apply. It is felt that is the application as already undergone at least two amendments in order to allow the ticking of selective boxes, and the doubts which must have been expressed, resulting in its deferment, it should not now receive approval under any circumstances.
