

## **SOUTH CAMBRIDGESHIRE DISTRICT COUNCIL**

Minutes of a meeting of the Northstowe Joint Development Control Committee held on  
Wednesday, 25 February 2015 at 2.00 p.m.

**PRESENT:** Cllr Tim Wotherspoon (South Cambridgeshire District Council) – Chairman  
Peter Hudson – Vice-Chairman

**Councillors:** Ed Cearns (Cambridgeshire County Council), Lynda Harford (South Cambridgeshire District Council), David Jenkins (Cambridgeshire County Council), Ray Manning (South Cambridgeshire District Council) and Hazel Smith (South Cambridgeshire District Council)

**Officers in attendance for all or part of the meeting:**

Lois Bowser	Northstowe Team Leader
Ian Howes	Principal Urban Designer
Tam Parry	Northstowe Transport Planning Officer
Andrew Phillips	Planning Officer
Stephen Reid	Senior Planning Lawyer
William Richards	Planning Consultant
Juliet Richardson	Business Manager (Growth and Development)
Ian Senior	Democratic Services Officer
Tanya Sherridan	Head of Growth and Economy
James Stone	Principal Planning Officer

### **1. APOLOGIES FOR ABSENCE**

Councillors Brian Burling, Barry Chapman, Douglas de Lacey and Alex Riley sent Apologies for Absence. Councillor Ray Manning substituted for Councillor Riley.

### **2. DECLARATIONS OF INTEREST**

Councillor Tim Wotherspoon declared a Non-Pecuniary Interest because he had attended meetings of Oakington & Westwick Parish Council and Rampton Parish Council in order to provide factual information upon request. Councillor Wotherspoon is not an elected or co-opted member of either Parish Council and did not contribute to the debates.

### **3. MINUTES OF PREVIOUS MEETING**

The Northstowe Joint Development Control Committee authorised the Chairman to sign, as a correct record, the Minutes of the meeting held on 28 January 2015, subject to the following:

#### **Minute 5 - Northstowe Phase 2 Consultation responses**

Delete, from the fourth paragraph, the passage:

“...Gill Ashby referred to the duty of care that Longstanton felt towards Northstowe. During the first few years, Northstowe residents would be paying a precept to Longstanton Parish Council, which would be responsible for providing those community facilities not catered for in the Phase 1 Legal Agreement under Section 106 of the Town and Country Planning Act 1990. Northstowe Phase 1 would double the number of people reliant on “outdated” facilities in Longstanton, and money should be made available to the Parish Council so that it could improve them. In response to a question, Gill Ashby said that the facilities

needing improvement were all in Longstanton, there being no equivalent facilities envisaged as part of Northstowe Phase 1, Lessons must be learnt from the development of previous New Settlements. Gill Ashby undertook to identify the kind of facilities needed and to liaise with Council officers.”

And substitute the following:

“...Gill Ashby made the following statement:

“Having looked at the Phase 2 plans and given our feedback we would like to draw the Committees attention to the following which we feel is a serious problem.

Longstanton Parish Council take very seriously our duty of care to Northstowe as it is in our Parish and will continue to be in our Parish. We certainly want the best for Northstowe and to see it become an amazing place to live.

Residents will be paying their precept to Longstanton and we are sure will be expecting something for that money. The District Councillor and County Councillor for Longstanton will also be the Councillors for Northstowe as it is in Longstanton Parish.

So it was with interest this morning when listening to the Chair on Radio Cambridgeshire that you said, “Throughout the build out of Northstowe we are committed to providing enough facilities to meet the needs of the growing population”

Because we noted that in the Phase 1 section 106 agreement there was nothing included that could help Longstanton provide any community facilities for Northstowe. Phase 1 will have small community facilities within the primary school but these have already been allocated to health services and a possible mother and baby group and are a temporary measure as they will be taken back when the school needs them for its growth. There is no other community facility planned that we can see. The Sports Centre is also not a social hub it would appear to be changing rooms, showers and toilets for the sports areas and is not expected to be built until the final stages.

The needs of Northstowe are much more than this. A community space where people can meet, facilities for older children, teenagers young adults. Older parents, single people, the elderly. What are they all going to be doing? How are they going to build a Community?

Longstanton has very outdated facilities that will also not be able to cope or provide these things. We are looking to upgrade these so we can provide a social centre with facilities for Longstanton residents and also Northstowe residents as they are in our Parish and therefore should there not be something in the Phase 2 106 agreement to help here.

We note that in the Trumpington Meadows 106 agreement the multi use flexible community centre was made available for the residents of Trumpington and Haslingfield as it sits in those two Parishes. So we feel that money should be made available for Longstanton to provide its duty of care to its new residents.

The numbers of Phase 1 will double our current population of Longstanton and not taking into account the early stages of 3500 houses of Phase 2. Longstanton has approx. 1300 houses.

So Councillors and Officers, if you are to build an amazing New Town we really should be looking at what we think we are providing.

By taking into account what previous new builds have not provided from the outset. We can learn from this published data and advice from the people who worked on and live in these developments.”

#### **4. AGRICULTURAL ACCESS TO LAND EAST OF HATTON'S ROAD WITH ASSOCIATED SWING GATE**

The Northstowe Joint Development Control Committee considered a report relating to an agricultural access to land east of Hatton's Road with associated swing gate.

The Senior Planning Officer confirmed that the Local Highways Authority was satisfied with the wording of Condition 4.

The point was made that Cambridgeshire County Council was engaged in a collaborative project at Northstowe, and should do everything possible to minimise the obstacles to securing necessary infrastructure. The Northstowe Transport Planning Officer assured the Committee that the County Council, as Local Highways Authority, was acting in exactly the same way as it would with any application of this nature.

The Northstowe Joint Development Control Committee **approved** the application, subject to the Conditions and Informatives set out in the report from the Planning and New Communities Director.

#### **5. RESERVED MATTERS APPLICATION FOR THE HATTON'S ROAD PONDS STRATEGIC ENGINEERING WORKS.**

The Northstowe Joint Development Control Committee considered a Reserved Matters application for the Hatton's Road ponds strategic engineering works.

Committee members raised the following issues:

- Future maintenance in perpetuity
- Site security from a public health and safety point of view
- Future proofing the development to take account of climate change and possible increases in flood risk
- Monitoring
- The Construction Environmental Management Plan
- The need to protect Longstanton from flooding

In reply, officers made the following comments:

- Maintenance would be the responsibility of South Cambridgeshire District Council
- Site security was provided by hedging and a fence
- The CEMP would contain a monitoring plan, to including reporting of issues by members of the public
- Use would be made of Conditions and Section 106 Agreements

The Committee **approved** the application, subject to a Condition ensuring that the development is built in accordance with the approved plans and an Informative about not disturbing nesting birds during the nesting season.

#### **6. PROGRESS UPDATE ON NEGOTIATIONS ON THE PLANNING PROPOSALS AND**

## **RELATED MATTERS ON THE OUTLINE APPLICATION FOR NORTHSTOWE PHASE 2**

The Northstowe Joint Development Control Committee received and noted a report about progress being made in relation to negotiations over the planning proposals and related matters for the outline application for Northstowe Phase 2.

The Northstowe Team Leader took Members through the report and highlighted the most significant aspects of it. Committee members raised the following issues:

- The absence of public consultation
- Identity of changes made
- The question of five-, six- and seven-storey buildings in the Town Centre to free up space elsewhere
- Non-attendance at the meeting by the Homes and Communities Agency, and an insistence that HCA representatives attend the next Committee meeting
- The importance of sport in helping to create communities
- The need to answer the question of car parking provision
- The importance of recognising viability while striving for as high a level as possible of affordable housing across the entire development
- Flood mitigation measures
- Implications of Approval, Refusal or Deferral

### **7. NORTHSTOWE PHASE 2 - DRAFT CONDITIONS**

The Northstowe Joint Development Control Committee **received and noted** a report containing a non-exclusive draft set of Conditions to which a future grant of planning permission for Phase 2 of Northstowe might be subject.

The Consultant Planner summarised the report, highlighting Conditions 10, 12, 22-27, 34-36, and 40-46. In response to a question about the implications for Phase 2 of a successful appeal against a room size Condition at Phase 1, the Planning Lawyer said that the developers would have six months in which to appeal a similar Condition on Phase 2.

In response to a question about governance, the Consultant Planner reminded Members that this was not a material planning consideration.

### **8. COMMUNITY ENGAGEMENT OFFICER - WELCOME AND INTRODUCTION**

Hilary Cox, Northstowe Community Engagement Officer, was unable to attend the meeting. The Chairman withdrew this item from the agenda.

### **9. DATE OF NEXT MEETING**

The next Northstowe Joint Development Control Committee meeting would take place on Wednesday 25 March 2015 at a time to be determined.

---

**The Meeting ended at 4.15 p.m.**
