4. View Planning Applications

To view the list of planning applications that have recently been submitted to the Council, please visit the authority's on-line [Planning Application Search](#). Once the page has loaded, you can use the [Search option](#) to set your own criteria of parish, area and date range.

The system will provide a range of information on current and decided applications since 1948, including a brief description of the development, reference number, decision and the date of decision. More recent applications show the name and telephone number of the council officer who is dealing with the application.

Search results are presented in a collection of pages, the number of which depends on the number of results your search produces. There are navigation tools to allow you to browse your results.
