

Draft Gamlingay Village Design Guide Supplementary Planning Document (SPD)

Consultation Statement and Proposed Changes December 2019

1. Background

South Cambridgeshire District Council as the Local Planning Authority developed the draft SPD in collaboration with the local community and other stakeholders since autumn 2018. The Gamlingay Village Design Guide SPD has been prepared to assist in delivering the objectives as set out in Policy HQ/1: High Quality Design of the adopted South Cambridgeshire Local Plan 2018 as well as other related policies.

This consultation statement has been prepared in accordance with the Town and Country Planning (Local Plan) (England) Regulations 2012. Regulation 12 requires that SCDC prepare a consultation statement setting out the persons consulted when preparing the SPD, a summary of the main issues raised by those persons and how these have been addressed in the SPD.

2. Preparation of the draft SPD

The District Council as the Local Planning Authority contracted specialist consultants to work constructively with the local community and other stakeholders, through a series of workshops and events, during the autumn of 2018. A project champion was nominated by the village community and a community steering group was assembled comprising community members representing different interest groups, including the parish council.

Initial workshops were held with the steering group and other members of the local community to allow the community to voice their perceptions of the character of the village, and their priorities for design guidance to be included in the draft SPD. This input and how it is reflected in the document is captured in the Community Input section of the SPD (Chapter 3).

Further workshops and review sessions were held in early 2019 with the community steering group on drafts of the SPD to gain feedback on the emerging guidance and to ensure that it reflected community priorities and a consensus view.

Workshops were also held by SCDC with officers from the development management (planning) team as key users for the SPD. This has helped to shape the form and content of the draft SPD. The emerging draft SPD was further reviewed by a nominated senior officer from the development management team to comment in more detail on its structure and content from a user perspective.

The draft SPD sought to incorporate this feedback constructively and to balance the priorities and views of the village community with the requirements of a useful and robust policy document.

3. Consultation on the draft SPD

A public consultation on the draft Gamlingay Village Design Guide SPD was held for 6 weeks between the 15th April 2019 and 31 May 2019. The proposed modifications address the issues raised by the consultation responses. Consultation on the SPD was undertaken in accordance with the Statement of Community Involvement adopted in 2010.

As the draft SPD supports the South Cambridgeshire Local Plan, there was no further need to undertake a separate Strategic Environmental Assessment or Habitats Regulations Assessment for this document, although screening reports were completed and made available during the consultation. An Equalities Impact Assessment was also completed and made available during the consultation.

The draft SPD and other supporting documents were available for inspection during the consultation period at the following locations:

- online on the Council’s website;
- at South Cambridgeshire Hall, Cambourne Business Park, Cambourne, CB23 6EA; and
- at a public exhibition at Gamlingay Ecohub on 30 April 2019 from 4-8pm, when officers were on hand to answer questions.

Comments could be made using:

- the online consultation system: <https://scambsjdi-consult.net/localplan/>; or
- by completing the consultation response form and either emailing or posting it to us at vds@scamb.gov.uk or South Cambridgeshire Hall, Cambourne Business Park, Cambourne, CB23 6EA.

The SPD consultation was advertised via a public notice in the Cambridge News on 10 April 2019, and on the Council’s website and social media.

4. Consultees

A list of the organisations who were directly notified of the draft Gamlingay Village Design Guide (SPD) in accordance with the Town and Country Planning (Local Planning) (England) Regulations 2012 (as amended) via email, or post where no email address was available, can be found as Appendix A. It should be noted that other individuals were also contacted that do not appear on this list.

5. Consultation Outcome / Key Issues Raised

During the consultation, 22 representations were received, made by 19 respondents. Of the representations 27% of representations were supports, 14% were objections, and 59% were comments.

51 people visited the public exhibition where the main topics of discussion were:

- Need for more bungalows to aid downsizing
- Transport – public transport needs to be improved
- Why should Gamlingay get more homes?
- Desire to protect the Lupin Field, Log Field and other areas on the west side of the village.
- How to ensure sustainability of the village and not allow it to be a ‘victim of its own success’
- Future of the First School site and the desire to keep it green and publicly accessible.

The following series of tables identifies the written representations received to each part of the SPD, summarises the main issues raised, provides a Council assessment of the issues and where necessary what proposed modifications to the SPD are indicated.

1. Introduction (including general (not chapter specific) comments)				
Representations Received	Support: 3	Object: 0	Comment: 8	Total: 11

<p>Main issues in reps 67906 67885 67878 67871 67782 67754 67899 67752 67892 67753 67757</p>	<p>Support</p> <ul style="list-style-type: none"> • Overall I support this plan - especially the comments about the character of new developments. I would also like to see new developments with reasonable sized gardens (or allotments associated) so that residents can retain their link with this regions market gardening heritage, as well as to promote a healthy lifestyle. • Cambridge Past Present and Future Support the village SPDS. Green infrastructure is important and the principle of retaining or enhancing the connectivity of habitats is incorporated. [General comment submitted for all the Village Design Guide SPDs] • BPHA Affordable housing should be addressed in the documents in terms of the approach to meeting specific housing needs with regard to density parameters. Broad support to the reference that affordable housing can play in villages i.e. Robinson Court. The reference to taking influence from non-residential uses in housing such as agricultural and live work influences is welcomed VDGs should strike a balance between innovation and following a rigid design approach with reference to Modern Methods of Construction. Strongly support improvements being made to the public realm to contribute towards the viability of local service provision within village centres. [General comment submitted for all the Village Design Guide SPDs] <p>Object - None</p> <p>Comment</p> <ul style="list-style-type: none"> • Protection of hamlets; Protection of green spaces; Welcome brownfield development; Protection of habitats for wildlife and birds; Maintaining the current character of the village; Affordable housing for local residents • Lorries not suitable for size of roads. Roads not wide enough; Need old people's bungalow at reasonable price; Need transport to Cambridge • Protection of hamlets; Protection of green spaces; Habitat protection for our wildlife and birds; Affordable housing for local residents; Maintaining the current character of the village • Forestry Commission Tree species choice needs to be considered re climate change [General comment submitted for all the Village Design Guide SPDs] • Natural England SPDs could consider making provision for green infrastructure, wildlife development and enhance character and local distinctiveness through green infrastructure and contact with nature. [General comment submitted for all the Village Design Guide SPDs] • Cambridgeshire Police Secured by Design can be achieved, developers should seek advice at an early stage from the Designing Out Crime Officer. [General comment submitted for all the Village Design Guide
--	---

	<p>SPDs]</p> <ul style="list-style-type: none"> • Sport England Supports the development of safe pedestrian and cycle routes through all new development, reference should be widened to refer to opportunities for all types of formal and informal sport and physical activity. [General comment submitted for all the Village Design Guide SPDs] • Cambridgeshire LLFA welcome the consideration of using flood risk management measures to promote biodiversity in the Village Design Guide SPD. It should further promote sustainable drainage techniques (SuDS). [General comment submitted for all the Village Design Guide SPDs]
<p>Council's Assessment</p>	<p>Welcome support</p> <p><u>Protection of green spaces</u>: Green space policies within the SCDC 2018 Local Plan provide protection for designated green spaces. This is further supported by chapters 4 and 6 of the Village Design Guide.</p> <p><u>Affordable housing and mix</u>: this is outside the scope of the Village Design Guide as it is covered by SCDC 2018 Local Plan policies.</p> <p><u>Maintaining current character of the village</u>: this is supported by the characterisation of the village in the Village Design Guide, specifically chapter 5.</p> <p><u>Wildlife protection</u>: this is covered by the biodiversity policies within the SCDC 2018 Local Plan and areas of ecological value to the community are also supported in chapters 4 and 6 of the Village Design Guide.</p> <p><u>Transport/highways</u>: these areas are outside the scope of the Village Design Guide.</p> <p><u>Tree species choice</u>: This is not specifically a Gamlingay issue and therefore not required to be covered in the Village Design Guide. Policies in Chapter 4 of the SCDC 2018 Local Plan cover the impact and mitigation of climate change. The new draft Sustainable Design and Construction SPD also contains guidance on trees and climate change resilience.</p> <p><u>Green infrastructure</u>: this is covered in chapters 4 and 6 specifically which promote the role of green infrastructure in sustaining and developing the character of the village</p> <p><u>Secured by Design</u>: this is not specifically a Gamlingay issue and therefore not required to be covered in the Village Design Guide.</p> <p><u>Space for formal and informal physical activity</u>: the role of off-road routes and landscapes in new developments, in providing space for physical activity can be highlighted.</p>

	<u>SuDS</u> : Specific guidance on this is contained within other policies of the SCDC 2018 Local Plan, as well as in the draft Sustainable Design and Construction SPD. It is not felt necessary to duplicate this within this SPD.
Proposed Modifications	Chapter 6 to highlight use of landscapes for sport and physical activity.

2. About Gamlingay				
Representations Received	Support: 0	Object: 0	Comment: 0	Total: 0

3. Community Input				
Representations Received	Support: 0	Object: 0	Comment: 0	Total: 0

4. Landscape setting				
Representations Received	Support: 2	Object: 3	Comment: 2	Total: 7
Main Issues in reps 67912 67787 67781 67774 67756 67751 67726	<p>Support</p> <ul style="list-style-type: none"> Please keep all hamlets separate to the village. I do not want one large town. Gamlingay will lose its lovely character Woodland Trust: We strongly support the policy of giving strong protection to the ancient woodland and maintenance of a 200 metre buffer to protect it from external threats. <p>Object</p> <ul style="list-style-type: none"> Wyboston Lakes: We object to the designation of the land 'Fields to the edge of the brook' as a sensitive village edge given there is no basis for this designation and the Draft Design Guide is seeking to make new policy, which should be addressed and examined through the statutory Local Plan process and this should be removed from the guidance. Merton College: Object to <ul style="list-style-type: none"> The proposed 200mm buffer zone around Gamlingay Woods as this has no formal status The designation of the land 'Log Field' along with the adjacent pastureland as a sensitive village edge given there is no basis for this designation and the Draft Design Guide is seeking to make new policy, which should be addressed and examined through the statutory Local Plan process and this should be removed from the guidance The proposed key views in the absence of any explanation of how the sensitivity of the views have been assessed and by what criteria Edward Sills Trust: object to the designation of the land adjacent Green Acres, Gamlingay as a sensitive and distinct landscape character given there is no basis for the designation. The Village Design Guide is seeking to 			

	<p>make new policy which should be considered through a Local Plan process therefore section 4.3 should be removed from the guidance.</p> <p>Comment</p> <ul style="list-style-type: none"> • Sensitive Village Edge - all these fields should be retained as open spaces - used for crops and hay. A wildlife haven geese foxes muntjac pheasant all seen here. The lupin field and log field especially picturesque. Park lane a beautiful area. The stream has minnows, dragonflies and also water voles. • Cambridgeshire County Council: The main plan on page 8 shows part of Gamlingay First School Playing Field as publicly accessible green space. Whilst Cambridgeshire County Council, as landowner, recognises that this area is already identified as Protected Village Amenity Area under Policy NH/11 of the South Cambridgeshire District Council Local Plan 2018, it would like to clarify that this area of land is not accessible to the general public. Use of the area is by permission of Cambridgeshire County Council only.
<p>Council's Assessment</p>	<p>Welcome support</p> <p><u>Protection of hamlets:</u> this is promoted by the Village Design Guide in chapter 4 specifically and is supported by the village framework designation in the SCDC 2018 Local Plan</p> <p><u>Sensitive and distinctive village edges:</u> This is not a designation equivalent to a Local Plan designation – it is a characterisation of an area of the village. The guidance makes it clear that the distinctive landscape character should be respected and representations received support this analysis, but this does not preclude appropriate development. This area is highly distinctive in character terms, and the community have expressed very clearly that this area is a priority for careful consideration in village design. This area all falls outside the village framework and development in this area is therefore also by Local Plan policy but this does not preclude certain forms of development. It is therefore appropriate that guidance is offered on how the character of this area should be maintained.</p> <p><u>Gamlingay Woods buffer:</u> The Gamlingay Woods is a sensitive and protected landscape and it is appropriate that it should therefore be protected from unsympathetic development in close proximity. A 200m buffer zone is supported by the draft Neighbourhood Plan and the Wildlife Trust as well as the Woodland Trust's representation. This area falls outside the village framework and development in this area is therefore restricted by Local Plan policy. It is therefore appropriate that guidance is offered on how the character of this area should be maintained. However the exact scale of the buffer zone could be achieved more flexibly and the text can be amended to indicate this.</p>

	First School grounds: while an important visual green space and part of the village structure it is not currently publicly accessible. This can be clarified.
Proposed Modifications	<p>Add further description to explain the sensitivity of the south-west side of the village.</p> <p>Amend text to remove a specific distance for a buffer zone to Gamlingay Wood.</p> <p>Amend annotation here and throughout the document to clarify the lack of public access to the First School grounds.</p>

5. Village character				
Representations Received	Support: 0	Object: 0	Comment: 0	Total: 0

6. Landscape, routes and connections				
Representations Received	Support: 1	Object: 0	Comment: 2	Total: 3
Main Issues in rep 67779 67758 67727	<p>Support</p> <ul style="list-style-type: none"> Woodland Trust: We support 7.3 where it advocates the inclusion of generous areas of open space and landscaping into new development. We would like to see planting of trees (whether street trees, trees on areas of greenspace or small copses) considered as part of this landscaping. We would be happy to be consulted by the district council, parish council or housing developers regarding any such opportunities. There is strong evidence that planting of trees can help create pleasant, healthy environments for local residents, as well as encouraging wildlife and helping to tackle wider environmental problems such as climate change. <p>Object - None</p> <p>Comment</p> <ul style="list-style-type: none"> Merton College: The Chapter 6 plan identifies Log Field as a 'publicly accessible green space'. However this is on a temporary arrangement with a lease that will end in 2 years. With the uncertainty that public access will continue the 'publicly accessible green space' designation on Log Field should be removed. British Horse Society: The Gamlingay VDG does not at any point mention provision for equestrians, which is unacceptable. It does not mention the inclusion of improving links from the village into the local landscape and public rights of way (PROW). The BHS has suggestions for improvements and upgrades of footpaths to bridleways which would enable better, safer, off-road connections to neighbouring village for horse riders and 			

	cyclists. This should be considered as part of any building proposals in the future.
Council's Assessment	<p>Welcome support</p> <p><u>Log Field</u>: As the area in question is currently publicly accessible it is appropriate that it is shown as such but its temporary status can be clarified.</p> <p><u>Equestrian provision</u>: it is appropriate to ensure that equestrian provision is mentioned alongside other non motorised users.</p>
Proposed Modifications	<p>Amend annotation to clarify the temporary nature of public access to Log Field.</p> <p>Amend chapter 6 to ensure equestrians and bridleways are mentioned wherever appropriate</p>

7. Frontages, streets and spaces

Representations Received	Support: 0	Object: 0	Comment: 0	Total: 0
---------------------------------	------------	-----------	------------	----------

8. Church End long plots

Representations Received	Support: 0	Object: 0	Comment: 1	Total: 1
Main Issues in reps 67780	<p>Support - None</p> <p>Object - None</p> <p>Comment</p> <ul style="list-style-type: none"> Merton College: The reference to new development on the northern plots and the accompanying figures 50 and 51, although welcome, conflict with the Local Plan development limit policy and this needs to be resolved. 			
Council's Assessment	While this area is outside the development framework this does not preclude some forms of development such as rural affordable housing exception sites and certain forms of permitted development. It is therefore appropriate that guidance is offered.			
Proposed Modifications	Amend text to clarify the status of areas covered by this guidance.			

6. Schedule of changes to the SPD

Note: minor graphic amendments, spelling and other corrections are not listed.

Chapter 4

Map [requires figure number] – amend to show First School playing fields are not publicly accessible green space

Page 8 - Add 'The village edge identified as sensitive in figure 5 is bounded by a brook and is a landscape of distinctive meadow character and rich ecology. It has been identified by residents as an important element in Gamlingay's landscape setting.' at the end of page.

4.2: Amend wording to say 'The visual setting of the Gamlingay Woods should be sustained and enhanced through ensuring a buffer of open landscape on all sides.'

4.3 Reword: 'the area bounded by the brook and Great Heath and including the Lupin Field and Log Field to the south west edge of the village (see fig 5) has a sensitive, ecologically rich and distinct meadow character which should be maintained.'

Chapter 6

6.2: add 'equestrian' after 'pedestrian'

Map: amend 'pedestrian and cycle routes' to 'footpaths and bridleways'. Amend the shading of the First School land to show it is not publicly accessible. Clarify the temporary accessibility of Log Field.

Page 15 para 3 - Add 'and opportunities for all types of formal and informal sport and physical activity' after 'safe routes across the village'

Chapter 7

Diagrams updated to 3D sketches for clarity

Chapter 8

Page 18 paragraph 1 - add a sentence at the end of the paragraph to read 'Some parts of the long plots lie outside the village framework but this does not exclude all forms of development. It is important that the sensitive and distinct character of this area is sustained.'
