Appendix S

Responses to the Licence Holder's response to representations – (to date)

16. Representation no. 17 was withdrawn

Representation no. 2 did not wish to withdraw their representation

Representation no. 3 stated:

Our response to that is simple - the noise cut off time was certainly not adhered to , or in the previous years events either. For a company that claims such ethical values, We find the very thinly veiled threat to take action against John Howard absolutely appalling and unwarranted in any way. Trying to bully your route to a permission has alienated all the residents even more . We very much doubt they will find any support whatsoever after making this statement.

Representation no. 11 stated:

Having read the submission from the event organiser we note that our serious concerns have not been addressed. These include the very high noise levels imposed on residents of Horseheath, and the welfare of birds and mammals living in the wood.

Frankly we are shocked at the hostile and lecturing tone taken, the unsubstantiated accusations made against our Parish Council Chairman and the reference to the possibility of legal action.

This was really not the correct or professional way to make their case, and therefore we will not be withdrawing our submission,

Officer's Views

17. Members when considering the application should be aware that they may only take into consideration the parts of the application that represent the licensing objectives.
 - The Prevention of Crime and Disorder
 - Public Safety
 - The Prevention of Public Nuisance
 - The Protection of Children from Harm
18. To achieve these objectives the Council will use its full range of powers and will engage all relevant responsibilities including planning controls, transport controls, crime reduction controls and relevant policies or strategies that will promote the licensing objectives. The Council will work closely with the Police, Fire Service, businesses, community representatives and local people in meeting these objectives.
19. Members have the right under the Licensing Act 2003 (as amended) to determine this application after considering any relevant representations.

In making the final determination Members may

- modify the conditions of the premises licence
- exclude a licensable activity from the scope of the licence
- remove the designated premises supervisor from the licence
- suspend the licence for a period not exceeding 3 months

Modification of the conditions of the premises licence can include the alteration or modification of existing conditions or addition of any new conditions, including those that restrict the times at which licensable activities authorised by the licence can take place.
