

WILD WOOD EVENTS LTS. COVID-19 SAFETY MEASURES – PLEASE READ

Please read all of our Covid safety measures below we are putting in place using government guidelines. We all need to work together to follow these and keep everyone safe.

1. Please book in your group of up to 6 people. 6 people can sit outside together from different households but are asked to remember to still socially distance and be careful and follow government guidelines.
2. Please follow our one way route through the woods, although we have a huge amount of space with less than 300 people on site it will help to avoid any bottleneck situations, keep everyone moving smoothly and ensure everyone is socially distanced.
3. Obviously do not come if you have any symptoms of coronavirus however mild, or if anyone in your family has shown symptoms in the last 7 days.
4. Keep sanitising and washing your hands as much as possible; we will require you to do this on entry.
5. Keep 2 metres apart at all times, especially in any queues. We will do everything we can to reduce queueing.
6. Our toilets will be given a full spray and clean by machine every 2 hours throughout the day.
7. Once seated in your area at The Sundown Stage we are happy for you to dance but you must stick to your marked out area.
8. Lastly, it falls upon all of us to to mitigate transmission and impact, we expect everyone to remain vigilant and dedicated to the most Covid secure environment possible. Everyone must follow social distancing and hygiene measures in place throughout their stay on site. Please don't take offence if you are reminded about social distancing or asked to sanitise your hands at the appropriate stations.

If the event is cancelled due to Coronavirus then of course all tickets are fully refundable.
