To whom it may concern

I don't exactly know what you people want from me about this ?  
I have learned over the past 2 years that what ever I say as a Executive Driver/Chauffeur with my own private clients who want privacy and do not want to be spied on in the car via cctv and prefer the trust we have in each other (NOT a street car taxi driver picking drunks and people the drivers do not know going to unknown destination) my clients requests and other Executive Drivers opinions are totally ignored !
