Elsworth Parish Council

Licence application Childerley Orchard. Elsworth Parish Council response March 2021

The Parish Council is not opposed to the event principle. However, it is felt that public safety is grounds for objection for this year. (2021)

It is suggested that the event company should resubmit their licence application for 2022, based on the fact that we are still in the midst of a Covid 19 pandemic. Other major festivals like Glastonbury have cancelled this year. Despite the fact the festival at Childerley Orchard is smaller in scale, it is not in the public health interest to allow this festival to go ahead this year and to grant this licence. It is unlikely everyone will have been offered a vaccine by the time this festival is due to take place. It will be impossible for those attending this festival to socially distance or have mitigation measures which are adequate either at the event and particularly with the 'pinchpoint' which are compulsory to ferry everyone on shuttle buses into/out of the festival site. The Parish Council considers that it is too soon for a gathering of this size: even if the ban was lifted in a few months, an influx of 25,000, most from outside the area with consequent risk, is a serious concern.

The request is for a 3-year licence and the Parish Council suggests there should be a yearly review as the venue for this event (previously near Barton) is new and case numbers attending exceed initial expectations. Transport arrangements are tentative at present, but no details are given about security which was provided at the previous site. The impact on surround villages should be reviewed yearly.

Representation 2

Dry Drayton Parish Council

Good afternoon,

Thank you for your email below. The matter was discussed by Dry Drayton Parish Council at their Parish Council meeting and they made a unanimous decision that the one concern that they have is the noise pollution that the event will create for Dry Drayton.

If you need any further information please do let me know.

All the best

Representation 3

Hardwick Parish Council

Hardwick Parish Council **object** on the grounds that having 25,000 people in close proximity to Hardwick will cause problems with traffic and noise.

Representation 4

Bar Hill Parish Council

The Parish Councillors had some concerns regarding noise which may affect Bar Hill residents in the summer months.

And they would not like to see times extended.

Representation 5

Responsible Authority
Cambridgeshire Fire & Rescue Service

Hello Licensing & Louise,

Cambridgeshire Fire & Rescue Service (CFRS) would like to pass the following observations on fire safety (Public Safety) matters: -

- a) Fire safety measures and arrangements detailed in the licensing application under Public Safety have been noted.
- b) The responsible person for the event must appoint a competent person to produce a robust Management Control Document for each proposed event on site, which must include the fire safety measures and arrangements to be implemented.
- c) The dedicated Fire & Emergency lane should not be less than 3.7m wide and consideration should be given to suitable hardstanding (e.g. trackways) for 12.5 tonne vehicle if soft ground and/or poor weather is expected.

APPENDIX G

- d) There should be suitable Fire Service vehicle access to all parts of the site (event) within 50m from the dedicated Fire & Emergency lane. Your attention is drawn to the limited Fire & Emergency vehicle access lane to the site, which should be improved.
- e) There should be good housekeeping and waste management procedures in place to reduce the risk of fire and fire spread. Skips should not be placed near a temporary structure or vehicle and they should normally be a minimum of 6 metres away from any structure on site.
- f) All marquee structures being used at the event should be of proven fire performance and linings must be of inherently flame retarded fabric or durably flame retarded fabric and provided with certification of fire performance.
- g) Mobile catering vans, trailers and stalls should be separated by a minimum distance of 4m, in order to reduce the risk of fire spread.
- h) All mobile caterers should carry out a fire risk assessment of their unit and should provide a copy to the event organiser, and to forward on to the Fire Service on request.
- i) Mobile catering vans, trailers and stalls that have gas equipment installed, must be inspected by a Gas Safe registered engineer every 12 months and should provide a certificate of inspection.
- j) The use of Chinese lanterns should be avoided for your event, in order to reduce the risk of fire
- k) Avoid the use of hay and straw bales on site, in order to reduce the risk of fire and fire spread.
- l) Camp fires/bonfires and BBQ's should be avoided, in order to reduce the risk of fire spread.
- m) There should be a sufficient number of trained stewards at the event for the number of people attending. All stewards/fire marshals must be aware of the emergency plan, their role in an emergency and shown the escape routes and exits.
- n) The total stock of LPG should be kept to the minimum necessary to meet your needs and storage of cylinders or cartridges should be in a safe, secure and well ventilated place, where they cannot be interfered with and should be kept away from sources of ignition.

Please download a free copy of the Fire Safety Risk Assessment: Open Air Events and Venues guidance document for further information on the Regulatory Reform (Fire Safety) Order 2005 and to achieve fire safety compliance : -
<https://www.gov.uk/government/publications/fire-safety-risk-assessment-open-air-events-and-venues>.

The event organisers should engage with all local authorities part of the Safety Advisory Group (SAG) for further guidance and support surrounding the safety for the proposed event.

CFRS is likely to conduct a fire safety inspections of the event prior to opening and when open to the public.

Please contact me if you would like to discuss any of the above points or any other fire safety matter further,

Kind regards

**Representation Memo to Licensing re: Premises Licence Application:
S&C Productions Ltd, OS Map Reference TL3555760586 known as Childerley
Orchard, Childerley, Cambridgeshire**

9th March 2021

M3 reference no: WK/000384750

I have reviewed the premises licence application, site plan, location map and history of the premises on our system. From an Environmental Health point of view, I have the following comments:

These are new premises and as such I am not aware of any records of formal complaints having been made to this department in relation to licensable activities at the premises.

I have reviewed the Section 18 operating schedule attached to the premises licence application and although many steps have been considered to promote the licensing

APPENDIX G

objectives, my view is that there are some additional steps which, if incorporated into the premises licence conditions, in addition to those stated in Section 18 of the premises licence application, would improve the promotion of the licensing objectives. I am also of the view that some of the steps outlined in Section 18 of the application require amendment.

As such I am making a representation in relation to Prevention of Public Nuisance, Public Safety and the Protection of Children from Harm.

I have discussed my suggested amendments and additional conditions with Ms Aisha Francis, the project manager for the events to which the premises licence application applies, and she is therefore aware of this submission.

Please see the following representation and recommended additional conditions to be applied to the Premises Licence.

Kind regards

Suzanne Christie
Environmental Health Officer

THE LICENSING ACT 2003
REPRESENTATION FORM FOR “RESPONSIBLE AUTHORITY”

Please delete as applicable: **ENVIRONMENTAL HEALTH**

Name	Suzanne Christie
Job Title	Environmental Health Officer
Postal Address	South Cambridgeshire Hall, Cambourne Business Park, Cambourne, Cambridgeshire, CB23 6EA
Telephone Number	01954 713636
Mobile Number	07715 238151
Email Address	suzanne.christie@scams.gov.uk
Name of Premises you are making a representation about:	S&C Productions Ltd
Address of the premises you are making a representation about:	OS map reference TL3555760586 known as Childerley Orchard, Childerley, Cambridgeshire

This section is about your representation/s. They must relate to one or more of the Licensing Objectives. Please detail the evidence supporting your representation, (under the relevant headings) and the reason for your representation/s. *It is important that you detail all matters that you wish to be considered. (Use additional sheets if necessary). Regulations provide that in considering representations the authority may take into account documentary or other information produced by the party either before the hearing or, with the consent of all parties, at the hearing.*

Which licensing objective(s) does your representation relate to?	Please see below
The Prevention of Crime and Disorder Not Applicable	Public Safety See Below
The Prevention of Public Nuisance See Below	Protection of Children from Harm See Below
This Representation relates to the application for a new premises license at: OS map reference TL3555760586 known as Childerley Orchard, Childerley, Cambridgeshire	

It is Environmental Health's opinion that the inclusion of the following conditions, in addition to those steps already outlined in the Section 18 operating schedule attached to the application form, will assist in promoting the licensing objectives.

Prevention of Public Nuisance

1. The Premises Licence Holder will prepare a programme of regulated entertainment that will be included in the Event Management Plan. The plan will include details of the proposed programme for each stage and performance area. The plan will be submitted with the final draft version of the Event Management Plan 2 months prior to each event.

Any subsequent changes of artists or artists line-up timings will be provided to the Licensing Authority, and Responsible Authorities as required, when changes or additions are contractually confirmed, or as soon as is reasonably practicable.
2. The acoustic consultant will assess the positioning of sound sources pre-event and liaise with the Licensing Authority and South Cambridgeshire District Council's Environment and Waste Commercial Team throughout the event, as required. Sound checks will take place the day prior to the event as well as on the day of the event. Times for these checks are to be notified to the Licensing Authority and neighbouring parish councils in advance.
3. Regulated entertainment within the main festival site will cease at 23:00. Regulated entertainment in the campsite can continue until 02:00.

Public Safety

4. All risk assessments and method statements submitted by suppliers and contractors are to be made available for inspection by the Licensing Authority and South Cambridgeshire District Council's Waste and Environment Commercial Team on request.
5. During the event, changes to the Event Management Plan shall be made with the consent of the Event Liaison Team and nominated representatives from the Licensing Authority, and Responsible Authorities as required.
6. No petrol generators or portable BBQs are to be allowed on to the site. Any petrol generators or portable BBQs found on site will be removed from site or stored away from ignition sources, remote from the event and any accommodation until they can be removed.

7. The medical and first aid contractor will attend the Safety Advisory Group (or other body nominated by the Licensing Authority) and liaise with the relevant Ambulance Service.

Protection of Children from Harm

8. For events at which children are allowed access, prominent, clear and legible information are to be displayed at all alcohol sales points indicating that it is an offence to buy, or attempt to buy, alcohol by or for a person under the age of 18.
9. For events at which children are allowed access, appropriate and effective measures are to be in place to ensure the admission of children to films is restricted in accordance with the classifications laid down by the BBFC (British Board of Film Classification), and that all films are shown in line with the classifications laid down by the BBFC (British Board of Film Classification).

Signed:
