General

1. **Statement as to how the Local Planning Authority (LPA) has worked with the applicant in a positive and proactive manner on seeking solutions**

The LPA positively encourages pre-application discussions. Details of this advice service can be found on the Planning pages of the Council's website www.scambs.gov.uk. If a proposed development requires revisions to make it acceptable the LPA will provide an opinion as to how this might be achieved. The LPA will work with the applicant to advise on what information is necessary for the submission of an application and what additional information might help to minimise the need for planning conditions. When an application is acceptable, but requires further details, conditions will be used to make a development acceptable. Joint Listed Building and Planning decisions will be issued together. Where applications are refused clear reasons for refusal will identify why a development is unacceptable and will help the applicant to determine whether and how the proposal might be revised to make it acceptable.

In relation to this application, it was considered and the process managed in accordance with paragraphs 186 and 187 of the National Planning Policy Framework.

2. Circular 04/2008 (Planning Related Fees) states that where an application is made under Article 21 of the Town and Country Planning (General Development Procedure) Order 1995 [now superseded by Article 30 of the Town and Country Planning (Development Management Procedure)(England) Order 2010], a fee will be payable for any consent, agreement or approval required by condition or limitation attached to the grant of planning permission (or reserved matter consent).

The fee is £116 per request or £34 where the permission relates to an extension or alteration to a dwellinghouse or other development in the curtilage of a dwellinghouse. The request can be informal through the submission of a letter or plans, or formal through the completion of an application form and the submission of plans. Any number of conditions may be included on a single request. The form is available on the Council's website www.scambs.gov.uk (application forms - 1app forms-application for the approval of details - pack 25.)

3. It is important that all conditions, particularly pre-commencement conditions, are fully complied with, and where appropriate, discharged prior to the implementation of the development. Failure to discharge such conditions may invalidate the planning permission granted. The development must be carried out fully in accordance with the requirements of any details approved by condition.
4. All new buildings that are to be used by the public must, where reasonable and practicable, be accessible to disabled persons and provide facilities for them. The applicant's attention is therefore drawn to the requirements of Section 76 of the Town and Country Planning Act 1990 and the Building Regulations 2000 (as amended) with respect to access for disabled people.
5. In order to obtain an official postal address, any new buildings should be formally registered with South Cambridgeshire District Council. Unregistered addresses cannot be passed to Royal Mail for allocation of postcodes. Applicants can find additional information, a scale of charges and an application form at www.scambs.gov.uk/snn. Alternatively, applicants can contact the Address Management Team: call 08450 450 500 or email address.management@scambs.gov.uk. Please note new addresses cannot be assigned by the Council until the footings of any new buildings are in place.
6. The applicant's attention is drawn to the requirements of the Party Wall etc. Act 1996 if works are proposed to a party wall.
7. If you wish to amend the permitted scheme, and you consider the revisions raise no material issues, you should make an application for a Non Material Amendment. If agreed, the development can go ahead in accordance with this amendment although the revised details will not replace the original plans and any conditions attached to the originally approved development will still apply. If, however, you or the Council consider the revisions raise material issues you may be able to make an application for a Minor Material Amendment. If approved, this will result in a new planning permission and new conditions as necessary may be applied. Details for both procedures are available on the Council's website or on request.
8. If this development involves any works of a building or engineering nature, please note that before any such works are commenced it is the applicant's responsibility to ensure that, in

NOTES

Appeals to the Secretary of State

If you are aggrieved by the decision of your Local Planning Authority to refuse permission for the proposed development or to grant it subject to conditions, then you can appeal to the Secretary of State for the Environment under Section 78 of the Town and Country Planning Act 1990.

If you want to appeal, then you must do so using a form which you can get from the Customer Support Unit, Planning Inspectorate, Temple Quay House, 2 The Square, Temple Quay, Bristol BS1 6PN.

Alternatively, an online appeals service is available through the Appeals area of the Planning Portal - see www.planningportal.gov.uk/pcs. The Planning Inspectorate will publish details of your appeal on the internet. This may include a copy of the original planning application form and relevant supporting documents supplied to the local authority, together with the completed appeal form and information you submit to the Planning Inspectorate. Please ensure that you only provide information you are happy will be made available to others in this way, including personal information belonging to you. If you supply personal information belonging to a third party please ensure you have their permission to do so. More detailed information about data protection and privacy matters is available on the Planning Portal.

Fully completed appeal forms must be received by the Planning Inspectorate within six months of the date of this decision notice except where the property is subject to an enforcement notice, where an appeal must be received within 28 days.

The Secretary of State can allow a longer period for giving notice of an appeal, but he will not normally be prepared to use this power unless there are special circumstances which excuse the delay in giving the notice of appeal.

The Secretary of State need not consider an appeal if it seems to him that the Local Planning Authority could not have granted planning permission for the proposed development or could not have granted it without the conditions it imposed, having regard to the statutory requirements, to the provisions of any development order and to any directions given under a development order.

In practice, the Secretary of State does not refuse to consider appeals solely because the Local Planning Authority based its decision on a direction given by him.

Purchase Notices

If either the Local Planning Authority or the Secretary of State for the Environment refuses permission to develop land or grants it subject to conditions, the owner may claim that he can neither put the land to a reasonable beneficial use in its existing state nor render the land capable of a reasonably beneficial use by the carrying out of any development which has been or would be permitted.

In these circumstances, the owner may serve a purchase notice on the District Council in whose area the land is situated. This notice will require the Council to purchase his interest in the land in accordance with the provisions of Part VI of the Town and Country Planning Act 1990.

IMPORTANT INFORMATION REGARDING CONDITIONS

If you have been granted Planning Permission and/or Listed Building Consent you may wish to get started immediately, however it is always important to carefully read the decision notice in full before any work begins.

The majority of Planning Permissions and Listed Building Consents have conditions attached. Some conditions request further information that requires approval by the Local Planning Authority before any development takes place ('pre-commencement'). All conditions are set out on the decision notice.

Under Section 7 of the Planning (Listed Buildings and Conservation Areas) Act 1990, it is a criminal offence to carry out unauthorised works to a listed building. Under Section 9 of the Act, a person shall be guilty of an offence should they fail to comply with any condition attached to the consent.

HOW DO I DISCHARGE THE CONDITIONS

Please note that the process takes up to eight weeks from the date the Local Planning Authority receives a valid application. Therefore it is important to plan ahead and allow plenty of time before work is due to commence.

You need to fill in a form to submit your request to discharge conditions, and accompany the relevant details/samples. You can download the necessary form by using the following link: <https://www.scambs.gov.uk/content/apply-planning-permission>. This form can be emailed directly to planning@scambs.gov.uk or submitted by post to South Cambridgeshire Hall, Cambourne Business Park, Cambourne, Cambridge, CB23 6EA

Alternatively you can submit an application to discharge the conditions through the Government's Planning Portal website: <https://www.planningportal.co.uk/applications>. Please note, The Planning Portal refers to it as 'Approval of details reserved by a condition'.

When the required information has been submitted you will receive a reference and an acknowledgement letter. Once the Local Planning Authority is satisfied that the requirement of the condition have been met you will receive a formal notification that the conditions have been discharged.
