Subject: Duxford lodge Hotel licensing application

Categories: Brooke

Dear SCDC licensing dept,

I am writing with concern about the latest proposals to extend the licensing hours for music and service outside in the garden at the Duxford lodge.

The noise levels with their current license are already quite intrusive and not in keeping with the peaceful village we have been used to. This is particularly impactful on our home as we are just the other side of the garden wall. We are not happy that the hours for this could be extended further to allow this level of disturbance potentially every night of the week.

Please do consider the impact these potential changes would have on our village community.

Kind regards,

Jane Verde
