LONDON LUTON AIRPORT LIMITED
SECTIONS 91, 92 AND 93 OF THE
PLANNING ACT 2008
RULE 13(6) OF THE INFRASTRUCTURE PLANNING
(EXAMINATION PROCEDURE) RULES 2010
NOTICE OF HEARINGS RELATING TO THE
PROPOSED LONDON LUTON AIRPORT EXPANSION
DEVELOPMENT CONSENT ORDER
PLANNING INSPECTORATE REFERENCE: TR020001

NOTICE IS HEREBY GIVEN that, at the dates, times and places set out below, Issue Specific Hearings, a Compulsory Acquisition Hearing and an Open Floor Hearing will be held by the Examining Authority (appointed by the Secretary of State) for the examination of the application made by London Luton Airport Limited ("LLAL"), trading as Luton Rising, (Company Number 02020381) of Hart House Business Centre, Kimpton Road, Luton, LU2 0LA ("the Applicant") for a Development Consent Order ("DCO") for the London Luton Airport Expansion Development Consent Order ("the Application").

The Application was made to the Secretary of State (via the Planning Inspectorate) under section 37 of the Planning Act 2008 ("the 2008 Act") on 27 February 2023 and was accepted by the Planning Inspectorate for examination on 27 March 2023. The Application has been given the Planning Inspectorate reference number TR020001.

SUMMARY OF THE PROPOSED DEVELOPMENT

The Application seeks development consent to authorise the expansion of London Luton Airport ("the airport") in south east Luton and will extend the current operational airport with the construction of a new passenger terminal and additional aircraft stands to the north east of the runway. This will take the overall passenger capacity from its current permitted cap of 19 million passengers per annum to 32 million passengers per annum. In addition to the above and to support the initial increase in demand, the existing infrastructure and supporting facilities will be improved in line with the phased growth in capacity of the airport ("the Proposed Development").

Key elements of the Proposed Development would include—

- (a) extension and remodelling of the existing passenger terminal (Terminal 1) to increase its capacity;
- (b) new passenger terminal building and boarding piers (Terminal 2);
- (c) earthworks to create an extension to the current airfield platform; the vast majority of material for these earthworks would be generated on site;
- (d) airside facilities including new taxiways and aprons, together with relocated engine run-up bay and fire training facility;
- (e) landside facilities, including buildings which support the operational, energy and servicing needs of the airport;
- (f) enhancement of the existing surface access network, including a new dual carriageway road accessed via a new junction on the existing New Airport Way (A1081) to the new passenger terminal along with the provision of forecourt and car parking facilities;
- (g) extension of the Luton Direct Air-Rail Transit (Luton DART) with a station serving the new passenger terminal;
- (h) landscape and ecological improvements, including the replacement of existing open space; and
- (i) further infrastructure enhancements and initiatives to support the target of achieving zero emission ground operations by 2040, with interventions to support carbon neutrality being delivered sooner including facilities for greater public transport usage, improved thermal efficiency, electric vehicle charging, on-site energy generation and storage, new aviation fuel pipeline connection and storage facilities, and sustainable surface and foul water management installations.

The Application will also seek authorisation for the compulsory acquisition of land and interests in land, the temporary use of land, and the overriding of easements and other rights for the construction, operation and maintenance of the Proposed Development.

The Proposed Development is a nationally significant infrastructure project (NSIP) for the purposes of the 2008 Act. This is because the Application consists of airport-related development (section 14(1)(i) of the Act), specifically the alteration of, and an increase in the permitted use of, an airport in England in excess of the relevant thresholds (section 23(1)(b), (c) and (4)-(8) of the Act).

A map showing the location of the Proposed Development can be viewed online on the London Luton Airport Expansion page of the Planning Inspectorate's National Infrastructure Planning website at the web address set out below.
