- The Canadian Model training has taken place
- Representatives from mental health will attend the next TG meeting

Areas of Concern for Partnership to Note²

- The request for South Cambs to provide match funding for DV Awareness Day in 2009-10 needs consideration. £1,500 received from City. This is not sufficient however there is talk of having a countywide conference. This needs to be confirmed before planning work takes place.
- Whilst the training on the Canadian model has taken place Social Care Children's Teams do not have the resources to implement it. The Task Group is very concerned overall about the lack of resources in Children's Services.

Recommendations to Partnership to Address Concerns³

- The Task Group asks that the concerns over the lack of resources in Children's Services is raised and taken to strategic groups to take further.
- That a decision be taken on the issue of DV Awareness Day funding.
