A. Update to the report

Agenda report paragraph number 8.0 – Other Matters (Proposed Amendments)

The applicant has submitted revised plans following the completion of the officer's report. These amendments propose an alternative fenestration pattern and design upon the rear elevation of the proposed two-storey rear extension. In addition the revisions propose that the two-storey rear extension is to be set back from the proposed two-storey side extension by approximately one brick course.

The amended plans as submitted are not deemed to adequately address the reasons for refusal set out within the officer's report. As a consequence they have **not** been accepted as amendments to the proposal as originally submitted.
