Update to the reports

**Agenda report paragraph number 7 of Item 16 and paragraph number 13 of
Item 17 -**

The Local Highway Authority has noted that the updated Transport Statement indicates that:

- there has been a general reduction in traffic levels between 2007 and 2011, and
- the performance of the A1301/ A505 roundabout is very similar for both 2007 and 2011

Given the above, there has not been any worsening of traffic conditions on the local highway network between 2007 and 2011. The Local Highway Authority does not have any reasons to object to the extension of time applications.
