Dear Richard,

Cllr Berent and I would like to submit the following motion for proposal at Full Council next week. Cllr Berent will be the proposer and I the seconder. I do plan to be in for Cabinet so can discuss with you any tweaking, etc, required.

Thanks,
Susan

Motion:

South Cambridgeshire District Council should have service priorities which will make a real and meaningful difference to South Cambridgeshire's impact on climate change, as well as the Council's ability to respond to the effects of climate change. As such the following new service priorities shall be added to the Council's Corporate Objectives:

To Corporate Objective 1: "delivering low carbon growth which genuinely facilitates low carbon living"

To Corporate Objective 2: "fulfilling our commitment to the Nottingham Declaration by taking full account of the implications of climate change in all the services we deliver."

To Corporate Objective 3: "sustaining the South Cambridgeshire local environment to the benefit of the global environment"

(1) PLANNING COMMITTEE DELEGATIONS

This Council is now satisfied with the Scheme of Delegation already agreed for all Planning Applications. The application determination performance indicator targets have been achieved so there is no further need to increase the role of Chairman's Delegation. There is now balance between increasing efficiency in the planning process and each Councillor's right to represent their communities and to that end Council urges the Planning Committee not to agree further delegation at this time.

Proposer SGM Kindersley, Seconder JD Batchelor

(2) PLANNING COMMITTEE SIZE

(173) (175)

At its meeting on 24 May Council voted to change the number of members on the Planning Committee from the recommended number of 15 down to 14. The consequence of this change is that Conservative (8) and Independent (2) representation is unaffected but that Liberal Democrat representation is reduced from 5 to 4. In order to be consistent with the Council's commitment to fairness and good relationships between members we, the undersigned, request a formal statement from the Leader of the Council explaining the reasons why the size of the Planning Committee was changed at the start of the Annual Council Meeting.

Proposer Mrs EM Heazell, Seconder Mrs HM Smith

Please add the following Resolution to the 19 July agenda. Proposed by myself, seconded by Cllr Scarr:
"At its meeting on 24 May, Council voted (Minute 11c2) that every non-executive Member should be afforded the opportunity to sit on one of a list of committees. However, Cllr Cathcart has not been allocated any such committee seat. Council now resolves to take action to remedy this problem."

Please send me an acknowledgement of receipt.

Richard

Please could the following (reworded) resolution be included in the Agenda for our 18 October meeting.

The Leader of this Council, Cllr Ray Manning, was recently found guilty by the Standards Board of England of "failure to show respect" to a councillor by spreading false and profoundly damaging statements about that councillor. Given that "Mutual Respect" has recently been selected by this Council as one of its key Values, it is unacceptable for the Leader's behaviour to breach this Value so flagrantly. Furthermore, at the Council's February meeting Cllr Manning declared that this other councillor should actually resign from the Council after being found guilty by the SBE of "failure to show respect". We are not suggesting that Cllr Manning should resign from the Council, but he demonstrates breathtaking hypocrisy telling one councillor to resign from the council but himself not even resigning as Leader. By his actions Cllr Manning has brought this Council and his office into disrepute.

Council mandates the Chairman to write to the Leader asking him to consider his position.

Alex Riley

Notice of Motion Council Meeting 28th February 2008

Standing in the name of Councillor M.J. Mason.

THAT COUNCIL 1. TAKES NOTE of the report to the Cambridge Fringes Joint Development Control Committee, 20th February, in which the County Council have formally objected to the planning application to develop the Trumpington Meadows site in the Cambridge Southern Fringe, based upon an absence of any promised S106 contribution to the Cambridgeshire Guided Busway, given in Appendix 4, as £1.386M Capital at commencement, (out of a total of £7.7M for the Southern Fringe) and £0.8M Revenue support over 4 years.

AND 2. RESOLVES to press the County Council to publish a full, up to date, financial audit of the CGB scheme including the 17 Km of "on road sections", a detailed construction programme of all work up to completion and timetables for the passenger services due to commence in 2009.

Subject: A motion for Council

Dear Richard,

I am writing to ask if the following could be included on grounds of urgency:

"This Council resolves to write to the MPs whose constituencies include parts of South Cambridgeshire District and ask them to support the amendments to the Housing and Regeneration Bill standing in the name of Austin Mitchell MP. These amendments are designed to ensure a "level playing field" between council housing and other "social housing" provision in terms of finance. In particular they are designed to ensure that the level of negative housing subsidy does not prejudice the ability of each local housing authority to meet the Decent Homes standard, and so are deserving of support from this council."

I submit that whilst the Housing and Regeneration Bill has been before the House of Commons for some time, and there has been talk of amending it in this direction, the actual amendments in the name of Austin Mitchell have only recently been published, and that it was therefore not practical to submit this motion earlier.

Kind regards,

Neil Scarr

Hi Richard

I would like to submit this motion for the next full council

This Council requires Cllr Mick Mason to make a full apologe to this Council and its Officers for an incorrect statement he made at a Scrutiny meeting attended by members of the public (He stated that Officers from this Council had been knocking on doors on Arbury Camp demanding money for wheelie bins).

Richard - text for a Motion to be proposed by myself, secondee to be advised.

That South Cambridgeshire District Council requests that Hanley Grange be removed from the shortlist of eco-towns published by the Minister for Housing and Planning. The proposal is contrary to the East of England Plan CSR1 and to the emerging Local Development Framework. The additional number of houses is also unnecessary to meet the targets of the East of England Plan and Local Development Framework. Hanley Grange would have an entirely negative impact on local communities, overstretch local infrastructure and undermine the delivery of major developments within the sub-Region.

Good afternoon

Please see below a request for a late Motion to be submitted in the names of Cllrs Ford and Wright. If the Chairman is minded to accept it, I will publish a supplementary agenda this afternoon.

Please could I use this message also to suggest to Cllrs Wright and Ford that the wording is altered to allow Council to **request** (rather than recommend) that NATS extend the consultation period?

Many thanks

Vicky Ford just dropped off a late motion to Council which Nick Wright would like to propose and she will second. She hasn't spoken to the Chairman about it yet. I explained that I'm not aware of the process for late motions, but agreed to pass along the motion and recommended that the Chairman should be consulted first.

The motion is:

"In light of the delays by the National Air Traffic Service (NATS) in communicating details of the Terminal Control North Airspace Change Proposal to Parish Councils, this Council requests that NATS extend its deadline for consultation responses."

She is in a meeting this morning but is in the Council offices.
