15th. March 2001

Dear John,

Please note I wish to put

the following motion to Council.

- "That this Council deplores the fact that at the high level meeting with John Prescott held at South Cambs Hall on 13th March 2001, organized by Go East, neither of our M.Ps was invited to represent our concerns."

To stand in the name of,

Deborah Roberts (Signature)

CH

Many thanks.

NOTICE OF MOTION TO FULL COUNCIL
22nd NOVEMBER.

THIS COUNCIL BELIEVES THAT THE BEST FORUM TO REVIEW THE WORKFORCE PLAN SHOULD COMPRISE OF THE LEADER OF COUNCIL, THE FINANCE PORTFOLIO HOLDER, ~~AND~~ THE FINANCE SELECT COMMITTEE, WITH THE ~~MANAGEMENT~~ MANAGEMENT TEAM 'ON HAND' TO OFFER ADVICE.

THIS WOULD RELIEVE CABINET MEMBERS FROM BEING BOTH 'POACHER AND GAMEKEEPER' IN THE WORKFORCE REVIEW PROCESS

10 December 2001

NOTICE OF MOTION TO FULL COUNCIL ON
17th JANUARY 2002

This Council re-affirms its policy regarding the Green Belt, and condemns the County Council decision to allow the Green Belt surrounding Fulbourn and Teversham to be eroded by the expansion on the east side of Cambridge City.

Dear Mr Ballantyne

What an amazing meeting yesterday. As neither you nor Mr Hussell interjected, I take it that everything the Leader of the Council told us is true.

Consequently I would be grateful if you would confirm that what Mrs Spink told us is correct. I need this confirmation speedily as I will be in direct contact with Baroness Young of Old Scone, Head of the Environmental Agency in the near future.

Councillor Spink stated that £40 million pounds had been placed in a fund by the developers of Cambourne for the long term management of surface water and flood defence at Cambourne. Could you please tell me who is managing this fund? What is it called? Who are the Trustees? Also what the Fund now stands at as there will, of course, be interest already accruing? I really am surprised that you did not intervene to tell us these things yesterday.

Following on from that, can you tell me how many Cambourne Planning Applications have been before the Planning Committee with the comment "The Environment Agency has no objection, in principle, to the above proposal on the understanding that physical measures are now in place to allow South Cambridgeshire District Council to adopt the surface water/flood defence system(s) in due course" included in the "consultations". Can you tell me how many such applications have been approved?

Charity Reg No: 1007793

As no doubt you will appreciate, being a man with one full-time job, that as I have four full-time jobs, life is very hectic. Consequently I cannot lay my hands on all the Cambourne 106 Agreements as elucidated so eloquently by Mr Taylor. Consequently could you please send me copies of the Agreements and also the reasons for them. Could you also remind me of the date the Cambourne Scheme was passed by full Council and inform me of the majority in favour.

Finally I would like three Notices of Motion to be included in the Agenda of the next full Council Meeting.

First - "To ensure that all new development in South Cambridgeshire is granted on sound planning and environmental grounds, that Councillors and Officers be held accountable for their decisions and advice. The Council therefore asks the Secretary of State for DEFRA to make Councillors and Officers financially liable when their decisions are found to be badly based and serious damage to personal and public property occurs as a direct result. Those Councillors voting against such schemes to be exempted from any financial penalties".

The Second Notice of Motion to read:

"That all Committee Meetings and Meetings of full Council to be held in the evenings to allow all those members with full-time jobs to attend meetings more fully. In addition it will also allow a more representative group of people to stand for election for S.C.D.C."

Finally: "That all Council business - in Cabinet, in Committee and in Full Council be recorded for the sake of accuracy and truth".

I look forward to an early reply.

Yours sincerely Robin Page (Signature)

Dear Mr Ballantyne

I would like the following Notices of Motion included on the next Agenda for full Council.

1. To ensure that all new development in South Cambridgeshire is granted on sound planning and environmental grounds, that Councillors and Officers be held accountable for their decisions and advice. The Council therefore asks the Secretary of State for DEFRA to make Councillors and Officers financially liable when their decisions are found to be badly based and serious damage to personal and public property occurs as a direct result. Those Councillors voting against such schemes to be exempted from any financial penalties. 122
2. That all Committee Meetings and Meetings of full Council to be held in the evenings to allow all those members with full-time jobs to attend meetings more fully. In addition it will also allow a more representative group of people to stand for election for S.C.D.C. 123
3. That all Council business - in Cabinet, in Committee and in full Council be recorded for the sake of accuracy and truth. 124

Yours sincerely

This Council, being aware of the decision not to award a grant to help pay for the installation of the 'mixed mode' style of air conditioning for the new Council offices at Cambourne, now revert to the option of ordinary air conditioning as a means of ventilation. This will save the taxpayers of South Cambridgeshire £1 million pounds.
