

Notice of Motion

South Cambridgeshire District Council notes that whilst this Council and Cambridgeshire County Council are facing reductions to their financial settlements in 2011/12, the UK's contribution to the European Union is set to rise by 60% over two years.

Council notes that despite the opposition of some MPs (and Labour and Conservative MEPs) it seems likely that the government will agree to a further 2.9% increase in the European Union's budget overall.

Council believes that the European Union should be treated the same as these other tiers of government, and should share responsibility in these austere times for reductions in public spending. Sharing the burden in this way should result in less severe cuts for local authorities, and allow us better to protect front line services of great importance to those we represent.

Council therefore urges the two MPs representing South Cambridgeshire not to support any increase in UK contributions to the European Union in the present financial climate.

Subject: Council Motion

Hi Holly

I wish to submit the following motion to the full council meeting.

This council supports Marshalls in its desire to attract private and commercial flights associated with the 2012 Olympics to Cambridge Airport. However, we are also mindful of the need to protect its neighbouring communities from adverse environmental impacts arising from this and therefore seek assurance from the airport operator that in connection with the Olympic traffic no take off or landing or the ground running of aircraft engines will take place between the hours of 23:00 and 07:00 hours BST except in emergencies, in order to protect residents from noise nuisance during normal sleeping hours. Should an assurance not be forthcoming, then this council asks officers to work with Cambridge City Council to take action under the Environmental Health Acts to do all they can to restrain such night time operations for the benefit of its residents.

Subject: MOtion

Dear Holly,

Please may I put this motion to council. Cllr Wright is seconding.

In the light of the work currently being undertaken on the Cambridgeshire Renewables Infrastructure Plan, that this council review its policies regarding the installation of photovoltaic cells and solar thermal panels on listed buildings. This to be done with a view to facilitating the uptake of these technologies in order support the regional green economy and reduce the carbon emissions of our villages.

Thank you Bridget

Good Morning Holly

I have just been abruptly dumped out of the secure system and cannot get back in. Please may I submit the following motion to council:

As further evidence of:

- [i] this Council's commitment to achieving Charter Status in Member Development**
- and**
- [ii] members' commitment to supporting the ethos of the Council in respect of Equality and Diversity**

this Council resolves to add Equality & Diversity to the list of those subjects on which training is mandatory.

Please may I ask you to acknowledge receipt to this email address?

Also please would you be able to check if there is a mobile telephone number registered for Mark Howell as I cannot access Insite at the moment.

Regards
Lynda

South Cambridgeshire District Council

Council Meeting 21st July 2011

Motion standing in the name of Councillor M.J. Mason

To be seconded by Councillor J. Chatfield

Council notes with grave concern the proposed de-registration and cancellation of the existing Orchard Park B bus service by Stagecoach in the Fens Ltd, as published in Notices and Proceedings by the Eastern Area Traffic Commissioner and dated 29th June 2011. Bearing in mind that the former Citi 4 service on this route had already received over nine hundred thousand pounds in public subsidies and that a replacement subsidised guideway service will not make use of bus shelters now being provided, Council hereby requests the Chief Executive to write, as a matter of urgency, to the Traffic Commissioner and to Cambridgeshire County Council, expressing this Council's concern over an apparent misuse of taxpayers money.

Thanks Holly.

I would like to make a minor amendment to the wording as follows:

We ask the Executive Director to pass on our gratitude to all the DLO staff, **and to say that** we wish them the very best as they move employment to Mears, an arrangement that the Council envisages will secure their employment and give them greater opportunity to continue to provide excellent service to Council tenants for the foreseeable future.

Thanks
Tumi

Dear Holly,

Please find below my motion to Full Council:

This Council recognises and is appreciative of the excellent service that staff of the DLO have to date, given to the Council in general and to Council Tenants in particular. Their performance was all the more remarkable in the face of the long period of uncertainty surrounding their future. It is to their credit, and speaks of their professionalism and dedication that their service ratings improved and remained very high.

We ask the Executive Director to pass on our gratitude to all the DLO staff and that we wish them the very best as they move employment to Mears, an arrangement that the Council envisages will secure their employment and give them greater opportunity to continue to provide excellent service to Council tenants for the foreseeable future.

Best Regards

28/09/11

Dear Holly,

Please could I submit the following notice of motion for the next full council meeting :-

This Council recognises the acute hardship many people are experiencing as the coalition government begins to put our country back on a sound financial footing.

Council also acknowledges that to support the governments reduced spending plans, staff salaries at this authority will, for a second year, remain frozen for the year 2011/12.

Council notes that member allowances have also been frozen for the last 3 years, and in recognition of the difficulties our residents and our staff are experiencing in the current economic climate, and to support this councils revised spending plans, this council resolves not to increase member allowances, or expenses, for a further year in 2012/13.

Proposed by Cllr Simon Edwards

Seconded by Cllr Mervyn Loynes

Many thanks

Simon

Subject: Motion for Council

Hi Holly - Steve may have already sent this to you but if not - for the Agenda!

Motion standing in the name of Cllr Steve Harangozo

This Council wishes to re-affirm its long-standing support for Northstowe to be an 'exemplar' sustainable settlement consistent with the policies set out in the Northstowe Area Action Plan. It strongly supports everyone involved in the planning negotiations to secure a settlement which has very high social and environmental performance. The Council particularly wishes to re-affirm its vision of a low carbon development realized through appropriate renewable and low carbon infrastructure such as indicated in the recommendations that were adopted by Full Council in October 2007.

Sebastian Kindersley

The Council deplures the judgement of Mr Justice Ouseley, in response to a legal challenge supported by the National Secular Society, that there is no 'lawful' place for prayer during formal council proceedings. It believes that this undermines the century-old freedom of councils to make democratic decisions about how to conduct their meetings. It also opens the door for small, unrepresentative bodies to make challenges with regard to the singing of the National Anthem and events such as the Diamond Jubilee celebrations. It welcomes the action by the Secretary of State to bring forward legal guidance which would invalidate the decision and the statement by the chief executive of the Ramadhan Foundation that this is an 'attack on all faith' , Christian, Islam, Judaism or Hindu.

Received from Cllr Roger Hall,
by e-mail, 14 February 2012
