

Additional viewpoint 1 (taken Oct 2011):
Looking south and east along Beach Road towards the Green Belt boundary. The boundary hedgerow vegetation (around 6 metres in height) will screen the majority of views of the development from the Green Belt.

Additional viewpoint 2 (taken Oct 2011):
Looking south towards the Green Belt boundary from a point adjacent to the proposed site access road. A field gate will allow glimpsed views of the development from within the Green Belt, although these will be limited to private views from within the pastoral field.

Additional viewpoint 3 (taken Oct 2011):
Looking north east along Long Drove at the southern site boundary. The boundary vegetation (around 6 metres in height) will screen the majority of views into the site from the south.
