5. In relation to Condition 16 above, the proposed development required the provision of refuse infrastructure and S106 monitoring fees in accordance with Policy DP/4 of the adopted South Cambridgeshire Local Development Framework 2007. This would amount to a financial contribution of £69.50 per dwelling towards refuse provision and £1,500.00 toward S106 monitoring fees, as calculated on the date of the decision.

TOWN AND COUNTRY PLANNING ACT 1990

PLANNING PERMISSION
SUBJECT TO CONDITIONS

Decision Date: 25 November 2011

General

1. Circular 04/2008 (Planning Related Fees) states that where an application is made under Article 21 of the Town and Country Planning (General Development Procedure) Order 1995, a fee will be payable for any consent, agreement or approval required by condition or limitation attached to the grant of planning permission (or reserved matter consent).
2. The fee is £85 per request or £25 where the permission relates to an extension or alteration to a dwellinghouse or other development in the curtilage of a dwellinghouse. The request can be informal through the submission of a letter or plans, or formal through the completion of an application form and the submission of plans. Any number of conditions may be included on a single request. The form is available on the Council's website www.scambs.gov.uk (application forms - 1app forms-application for the approval of details - pack 25.)
3. It is important that all conditions, particularly pre-commencement conditions, are fully complied with, and where appropriate, discharged prior to the implementation of the development. Failure to discharge such conditions may invalidate the planning permission granted. The development must be carried out fully in accordance with the requirements of any details approved by condition.
4. All new buildings that are to be used by the public must, where reasonable and practicable, be accessible to disabled persons and provide facilities for them. The applicant's attention is therefore drawn to the requirements of Section 76 of the Town and Country Planning Act 1990 and the Building Regulations 2000 (as amended) with respect to access for disabled people.
5. The applicant's attention is drawn to the requirements of the Party Wall etc. Act 1996 if works are proposed to a party wall.
6. If you wish to amend the permitted scheme, and you consider the revisions raise no material issues, you should make an application for a Non Material Amendment. If agreed, the development can go ahead in accordance with this amendment although the revised details will not replace the original plans and any conditions attached to the originally approved development will still apply. If, however, you or the Council consider the revisions raise material issues you may be able to make an application for a Minor Material Amendment. If approved, this will result in a new planning permission and new conditions as necessary may be applied. Details for both procedures are available on the Council's website or on request.
7. If this development involves any works of a building or engineering nature, please note that before any such works are commenced it is the applicant's responsibility to ensure that, in addition to planning permission, any necessary consent under the Building Regulations is also obtained. Advice in respect of Buildings Regulations can be obtained from Building Control Services at South Cambridgeshire District Council. Their contact details are: tel. 03450 450 500 or building.control@scambs.gov.uk or via the website www.scambs.gov.uk.

NOTES

Appeals to the Secretary of State

If you are aggrieved by the decision of your Local Planning Authority to refuse permission for the proposed development or to grant it subject to conditions, then you can appeal to the Secretary of State for the Environment under Section 78 of the Town and Country Planning Act 1990.

If you want to appeal, then you must do so using a form which you can get from the Customer Support Unit, Planning Inspectorate, Temple Quay House, 2 The Square, Temple Quay, Bristol BS1 6PN.

Alternatively, an online appeals service is available through the Appeals area of the Planning Portal - see www.planningportal.gov.uk/pcs. The Planning Inspectorate will publish details of your appeal on the internet. This may include a copy of the original planning application form and relevant supporting documents supplied to the local authority, together with the completed appeal form and information you submit to the Planning Inspectorate. Please ensure that you only provide information you are happy will be made available to others in this way, including personal information belonging to you. If you supply personal information belonging to a third party please ensure you have their permission to do so. More detailed information about data protection and privacy matters is available on the Planning Portal.

Fully completed appeal forms must be received by the Planning Inspectorate within six months of the date of this decision notice.

The Secretary of State can allow a longer period for giving notice of an appeal, but he will not normally be prepared to use this power unless there are special circumstances which excuse the delay in giving the notice of appeal.

The Secretary of State need not consider an appeal if it seems to him that the Local Planning Authority could not have granted planning permission for the proposed development or could not have granted it without the conditions it imposed, having regard to the statutory requirements, to the provisions of any development order and to any directions given under a development order.

In practice, the Secretary of State does not refuse to consider appeals solely because the Local Planning Authority based its decision on a direction given by him.

Purchase Notices

If either the Local Planning Authority or the Secretary of State for the Environment refuses permission to develop land or grants it subject to conditions, the owner may claim that he can neither put the land to a reasonable beneficial use in its existing state nor render the land capable of a reasonably beneficial use by the carrying out of any development which has been or would be permitted.

In these circumstances, the owner may serve a purchase notice on the District Council in whose area the land is situated. This notice will require the Council to purchase his interest in the land in accordance with the provisions of Part VI of the Town and Country Planning Act 1990.
