8. **Updates on items that are of particular note**

- a. **Stapleford: Breach of Enforcement Notice on land adjacent to Hill Trees, Babraham Road.**

Work still in progress regarding legal action relating to the current breach of enforcement. Additional concern noted since the March report regarding the stationing of a mobile home on the nursery land section and the importation of brick rubble to form a track to link the upper field to the main residence. Assessment to the Planning Contravention response and the site inspection 10th May 2013 has confirmed the breach of planning control relating to the engineering operation to the new track, and breaches relating to the planning enforcement notices. A report to the planning committee was prepared and submitted. The Committee authorised officers to apply to the Court for an Injunction under Section 187B of the Town and Country Planning Act 1990. Members agreed the reasons for the application as being the desire to protect and enhance the character and amenity of the immediate countryside and the setting of Cambridge, Stapleford and Great Shelford in view of the site's prominent location, and the need to address highway safety issues arising from access to the site directly from the A1307

The draft statements supporting the proposed proceedings have now been considered by Counsel with further information and authorisations being requested in order that the Injunction application can be submitted.

In May 2014, Committee resolved to give officers the authority sought and further work on compiling supportive evidence undertaken since. Periodic inspections of the land have been carried out, most lately in April 2015 (confirming occupation has not ceased, and that breaches of control are continuing and consolidating). Statements accordingly being revised and finalised to reflect; injunction proceedings still appropriate and proportionate to pursue

A claim against the occupier of the land in which the Council is seeking a planning injunction has now been issued in the High Court. A Defence has since been lodged to the Council's proceedings, and an attempt is being made to issue Judicial Review proceedings challenging the resolution to seek an injunction.

Following consideration of the documents lodged by the Claimant and Acknowledgement of service filed by the defendant, permission was refused; the application was considered to be totally without merit. Order by Rhodri Price Lewis QC, sitting as a Deputy High Court Judge - Injunction application, has been listed for an initial hearing at the High Court on 24 September; Hearing postponed due to the health of the defendant, hearing re-listed for 17 November 2015.

The Judicial Review application was rejected by Mr Justice Lindblom at the Court of Appeal. His Honour Mr Justice Park QC further dismissed an adjournment application made by the occupier of the land, and preceded with the Injunction hearing. The Order being sought was granted in full with an Order for the Council's costs to be paid. An Injunction now exists that restrains the occupier of the land in respect of the unauthorised development at Hill trees represented by the commercial storage, car sales, and non-consented operational works that have occurred there. The injunction requires the defendant to i) cease by no later than

26th January 2016, the use of the land for any trade, business, commercial, industrial, storage or sales use (Including any use in connection with motor vehicles, their storage, sale or repair); ii) removes from the land, by no later than 26th January 2016, all vehicles, vehicle parts, plant machinery, equipment, materials, containers, mobile homes, caravans or trailers connected with uses described in (i); removes from the land, by no later than 26th January 2016, the material forming the roadway on the land. The time for filing an appellants notice to seek permission to appeal to the Court of Appeal is the 4th January 2016. The site will now be monitored for compliance.

An Appellant's Notice seeking to make an appeal against the injunction ordered on 17 November 2015 has been lodged with the Court of Appeal

25th January 2016 Rt. Hon. Lord Justice Lindblom on consideration of the Appellants notice and accompanying documents in respect of an application to appeal was refused, as being totally without merit.

An inspection of the land on the 26th January 2016 revealed that the unauthorised motor vehicles, trailers, caravans etc. had along with the unauthorised track been removed from the land as required by the Injunction.

Unfortunately the displaced vehicles have now been moved onto land at Little Abington owned by the occupier of Hill Trees and onto land adjacent to Hill Trees that belongs to Gonville and Caius College, Cambridge. Both parcels of land are the subject of extant enforcement notices.

b. Plot 11, Orchard Drive – Smithy Fen

Application received for the change of use of plot 11 Orchard Drive to provide a residential pitch involving the siting of 1 mobile home and one touring caravan, an amenity building for a temporary period until 2 May 2018.

The application has in accordance with section 70C of the Town & Country Planning Act 1990 been declined. The applicants have applied for permission for a Judicial Review.

Permission granted by the Honourable Mrs Justice Patterson DBE, Grounds to resist being filed both by the Council and by the Secretary of State for Communities and Local Government as second defendant. The Judicial review which was set for 29th October 2015 has taken place at the High Court of Justice, Queens Bench division, Planning Courts before The Honourable Mr Justice Lewis. The judgement was handed down on the 22nd January 2016 in favour of the Council. The judicial review claim was accordingly ordered to be dismissed. The Claimant had lodged an application for permission to appeal but this was refused 25th January 2016

f. 176 – 178 Cambridge Road Great Shelford

Erection of 70 bedroom Residential Care home with ancillary accommodation – Planning reference S/0600/13/FL. Condition 14 contained within the planning permission requires the developer to park contractor vehicles within the curtilage of the site and not on street.

Currently neighbours are complaining that as many as 25 contractor vehicles are parking in the streets adjacent to the site. Warnings have been issued to the site management but despite these there is still a breach of condition that needs to be addressed. A Breach of condition notice has now been issued in order to remedy this breach. Arrangements have since been made for staff to park at two different sites locally and are to submit a further planning application to vary the current traffic plan condition. No further complaints have been received since the new parking arrangements were introduced. Application submitted, awaiting validation
